BY ELLEN H. FLAGG. A waste of land, a sodden plain, A larid sunset sky; With clouds that fled and faded fast

In ghostly phantasy; A field upturned by trampling feet, A field up-piled with slain, With horse and rider blentin death Upon the battle plain.

The dying and the fead lie low. For them no more shall rise The evening moon, nor midnights's stars, Nor day light's soft surprise. They will not wake to tenderest call, Nor see again each home,

When this day's tiding's coine. Two soldiers, lying as they fell Upon the reddened clay - . In daytime, toes; at night, in peace Breathing their lives away.

Brave hearts had stirred each manly breast; Fate only made them foes; And lying, dying, side by side, A soften feeling rose. Our time is short," one faint voice said;

"To-day we've done our best On different sides. What matters now? To morrow we're at rest. Life lies behind. I might not care

For only my own sake. But far away are other hearts That this day's work will break,

"Among New Hampshire's snowy hills There pray for me to night A woman and a little girl. With hair like golden light." And at the thought broke forth, at last, The cry of anguish wild

That would not longer be repressed-"O God! my wife, my child!" "And," said the other dying man,

Across the Georgia plain, There watch and wait for me loved ones I'll never see again. A little girl, with dark, bright eyes, Each day waits at the door;

The father's step, the father's kiss Will never greet her more. "To-day we sought each other's lives, Death levels all that now; For soon before God's mercy-seat

Together we shall bow. Forgive each other while we may; Life's but a weary game, And right or wrong, the morning sun Will find us, dead, the same."

The dying lips the pardon breathe; The dying hands entwine; The last ray dies, and over all The stars from heaven shine; And the little girl with golden hair, And one with dark eyes bright, On Hampshire's hills and Georgia's plain. Were tatherless that night.
