From the New-England Weekly Review. THE LEAN MAN.

W.-- for the lean and lanky man-The fleshless and the grim-The pleasant light of merry joy May never rest on him!-The man whose ghostly shadow seems A long and parrow line-Who eats and drinks, yet groweth not,

He sitteth at the dinner-board, Cadaverous and cold, As was the reiled skeleton At Egypt's feast of old; Yet worketh well his lantern-jaw, And fast his fingers fill,-Your flesh less ones are noted for Their gastronomic skill.

Like Pharaoh's evil kine!

He walketh in the market-place Amidst the stirring throng-A locomotive skeleton -The bony and the long-Like some wire-moved anotomy He passeth by alone— And men will cause, as it to hear The clash of bone on bone!

'Tis Envy's self alone-They all would change their skeletons For bodies overgrown. Ay-rather than their forms so lean And spectre-like and dry, They'd welcome Falstaff's pontly front,

Or Daniel Lambert's thigh.

The lean may scoff at grosser men-

From the New England Weekly Review. THE FAT MAN.

Oh-wo for pursy gentlemen-The short and thick of frame; With tun-like bodies that would put A Dutchman's brow to shame! -Wo-tor the round and bulky man-The greasy and the fat-

The five feet high by four feet broad -A walking tallow-vail

I have a handsome country seat And pleasant rooms in town, I keep a nuble pair of streds. For driving up and down-My garb is of the costliest-My steeds are dapple gray-I've triends who sup with me by night, And dine with me by day.

But I am one of those who bear The curse of fat with them, Enveloping their choicest gifts Like earth around a gem. And then I have an altitude Too Pygmean by far,-Out-measuring in eircumference,

My perpendicuiar.

And with a spirit all alive, And sensitive and proud, I bear my massy frame about Amidst the jesting crowd-And some will smile and some will stare-And some will roar with laughter; And lanky skletons will point Their bony fingers after.

The ladies too are dumb with fear, Or struggling with a smile-Whene'er I make my awkward bow, And talk of love the while-They turn there from my dashing greys, And from my country's seat-And love each needy skeleton

That kneels before their leet.

Oh-tell me not that mirth and joy To giant bodies fall-Your over-grown and mammoth-men Are melancholy ali! Nay-rather than this bill of flesh'-I'd be a Barber's post-The mummy of an Esquimaux-Or Calvin Edson's ghost!

"Eight cents a yard!-who says ten?" "I'il give you ten," says an old lady.

For confining hens, a covered purgative. It the eruption has continued sevesson & Co..)

Proprietors.

One proprietors.

Declare in the auctioneer turned round, when a big tan in situation, ever tending to draw into her-room with a dry earth floor, is much better than eral days, magnesia or lime-water should be adhered and barked most furiously. With a sudden spring national civilization appears to the community of the continuing inclusion, a covered purgative. It the continuing inclus, a covered purgative inclusion in continuing inclusion, and continuing inclusion included in continuing inclusion included inclusion in continuing inclusion included inclusion included i bens may be confined under cover the whole beat tea may be allowed. To relieve the exseason. Half an hour before sunset they should cessive itching, the patient should be libraily 83- To dream you are a pig, behoves you to be let out to range over the yard and garden - dusted with flour, and resist as much as posguard well your tougue, lest you turn out a bore, They will then be too bugy vicking green gravel, sible the desire to scratch.

&c., to scratch and do mischief, being always in a hurry to return to the roost before twilight .--Quarry street. Enter Copperhead-Loyal Qua- keeping, if not too old to lay well. Two or three days' imprisonment in a coop will break up only profitable for a villager to thise a few early

Profit of Flax Culture.

The Annual Report of the Worcester (Mass.) 130 square rods, (a little over ? of an acre) of

\$2.00 401 lbs. Flax, \$106.20 2.00 130 lbs. Tow, Harrowing. 3.75 Total Product, \$148.20 1 Bushel Seed,

The land cultivated was a kind of sandy gravductive condition. It was plowed up the previous tall, and harrowed in the spring. Further details of culture are not given. The value of the unspent manure alter removing the flax, was reckoned to more than pay the interest on cost of land, and this item was therefore committed in the account .- Amer. Agriculturist.

SORGUM SUGAR .- The Washington Republican says: "An experiment was made in the Department of Agriculture, a day or two since, before a large number of persons, clearly demonstrating the practicability of every man in the North making his own sugar. A gentleman in all respects to the best coffee sugar, the residue of the syrup proving to be excellently flavored article, strongly resembling amber or golden syrup of the shops, and entirely free from sorgho

Useful Receipts.

FLUNNERT .- Boil down calves feet into a stiff jelly, free it pertectly from fat, meat, &c., and clear it through a jelly-bag until it is bright and transparent. Blanch I oz of bitter almonds and I oz of sweet, and beat them to a pulp in a mortar, adding a little rose-water frome time to time during the process. Warm a pint of mistake. In reading the proceedings of the lar care of them, and to protect them from the the call's foot stock, beat the almonds into it, State Union Convention at Baltimore, you might cold shut them up in a glass-house, having covsuspect, from the noble fury with which they ered the paved ground with straw, that it might blick and keep stirring it until it is nominated their candidates for the Presidency, not give them the cramp. Here they seemed to thick and cool. Wet the moulds in cold water that you had gotten into a Massachusetts con- pected, died; but four lived to the present time, durant into a Massachusetts con- pected, died; but four lived to the present time, durant into a live and into vention. The whole State speaks a new lan- and though small for their age, are well covered dipped into cold water before attempting to guage, has entered upon a new and strange ca- with feathers. A few days since one of them turn it out. Warm water destroys the bright-

Another of the results of the war, for Mary- live, and went often to look at it. On the oc- ITALIAN BALLS.-Take equal quantities of land, and one which is already beginning to ap-pear, will be a general system of public schools, for a few minutes, and noticed that the motherwhich shall net-work the whole State. When bird seemed restless and uncomfortable, walking salt, and a little onions, if it be approved of .this was proposed four years ago in the State about the place in a most excited state. Per- Then take an equal quantity with the meat of legislature it was met by a member from one of haps she wanted food—but no, that could not boild nee and beat in amongst it two or three yolks the chief slaveholding counties with the object be the case, for there was plenty of several kinds of eggs, according to the quantity you have.tion that such a measure would abolitionize the near her; her water-pan also was full, so she did Mix all well together, and divide it into balls whole State. Wicked as the objection was, it not need to drink. But presently, what was about as large as an orange, and tie each all sewas true. The reason why such a proposition our surprise on seeing her dash upon her sickly parately in a cloth or cabbage leaf. Put them could be ventured, was because Baltimore, whose young one, place her foot upon it as an eagle in a stewpan with gravey, if you have it, if not representative made it, was already deeply in- does to secure her prey, keep it to for a moment, with water, and let them stew gently for two fected with the anti-slavery heresy. And the and then commence eating her poor little victim, hours, when they may be served. If they reason of this infection, again, was that Balti- which we did not rescue, being curious to see have been done in cloths turn them out, but in more has possessed for many years a system of how much of it this unnatural mother would in leaves serve them in them. Thicken the public free schools equal perhaps to any in the devour. She seemed to relish her teast, and gravy with butter and flour, and pour it over
