Special Advantages of this Loan.

IT IS A NATIONAL SAVINGS BASK, offering a higher rate of interest than any other, and the best security. Any savings bank which pays its depositors in U. S. Notes, considers that it is paying in the best circulating medium of the country, and it cannot pay in anything better, for its own assets are either in government securities or in notes or bonds payable in government

It is equally convenient as a temporary or cumulated interest, and are the best security with banks as collaterals for discounts.

Convertable into a Six per cent. Gold Bond. In addition to the very liberal interest on the is now worth about three per cent. per annum. nine per cent. premium, and before the war the twenty per cent. It will be seen that the actual profit on this loan, at the present market rate, is

Its Exemption from State or Municipal Taxation. But aside from all the advantages we have enumerated, a special Act of Congress exempliall bonds and Treasury notes from local taxation. On the average, this exemption is worth about two per cent. premium, according to the rate of taxation in various parts of the country.

It is believed that no securities offer so great government. In all other forms of indebtedness, the faith or ability of private parties, or stock companies, or separate communities, only, is pledged for payment, while the whole property of the country is held to secure the discharge of

all the obligations of the United States. While the government offers the most liberal terms for its loans, it believes that the very strongest appeal will be to the loyalty and patriotism

of the people. Duplicate certificates will be issued for the upon the original certificate the denomination of notes required, and whether they are to be issued in blank or payable to order. When so endorsdeposit, to be forwarded to the Treasury Depart-
