And will positively prevent yellow fever, bilious fever, &c., they contain no Alcohol or Bad Whiskey! They will cure the above diseases in ninety-nine cases out of a hundred.

Induced by the extensive sale and universal popularity of Hoofland's German Bitters, [purely vegetable,] hosts of ignorant Quacks and unscrupulous adventures, have opened upon suffering humanity the flood gates of Nostrums in the shape of poor whiskey, vilely compounded with injurious drugs; and christened Tonics, Stomachics and Bitters.

Beware of the innumerable array of Alcoholic preparations in plethoric bottles and big bellied kegs, under the modest appellation of Bitters which instead of carring, only aggravate disease, and leave the disappointed sufferer in

HOOFLAND'S GERMAN BITTERS! Are not a new and untried article, but have stood the test of fifteen years trial by the American public; and their reputation and sale are not rivalled by any similar preparation

The propietors have thousands of letters from the most eminent Clergymen, Lawyers, physicians and Citizens, testifying of their own personal knowledge, to the beneficial effects and medical virtues of these Bitters.

Do you want something to strengthen you? Do you want a good appetite? Do you want to build up your constitution? Do you want to feel well? Do you want to get rid of nervousness?

Do you want energy? Do you want to sleep well? Do you want a brisk and vigorous feeling?

It you do, use Hoofland's German Bitters. ATTENTION SOLDIERS, AND THE FRIENDS OF SOLDIERS.

We call the attention of all having relations or friends in the army to the fact that "Hoofland's German Bitters" will cure nine-tenths of the diseases induced by exposure and privations incident to camp life. In the lists, published almost daily in the newspapers, on the arrival of the sick, it will be noticed that a very large proportion are suffering from debility. Every case of that kind can be readily cured by Hoofland's German Bitters. Diseases resulting from disorders of the digestive organs are speedily removed. We have no hesitation in stating that, if these Bitters were frequently used among our soldiers, hundreds of lives might be saved that otherwise will be lost.

We call particular attention to the following remarkable and well authenticated cure of one of the nation's heroes, whose life to use his own language, has been saved by the Bitters:" PHILADELPHIA, August 23rd, 1862

BY GEN. W. H. HAYWARD. "Come on, boys, I have the Flag t" Cried the dying soldier brave, In the dust it shall not drag; Let my life's blood flowing save. Thro' the battles fierce I've borne it, Dearest treasure of my heart : Here at last I look upon it-From my idol now I part.

In the many bloody conflicts, Proudly oft I've seen it fly; Courage fresh to me it rendered, Altho' death and peril nigh. In the flush of life victorious. With the wounded here I lie, 'Midst the terrors of the carnage, Wrap me in its folds to die.

See the Rebel columns flying, Falling thick as leaves around; Rally ! Irish boys, forever! Fight and die but yield no ground. Hark ! I bear the distant signal; 'Tis the sunset booming gun Echoing back the shout triumphant That the victory is won.

Comrades! quickly gather near me Hear your Seargent, dying, say, That the glorious Thirty-Second Nobly fought and bled this day, Bear this message to my loved ones, To the fireside and at home, That no more to that dear circle Will the father, husband come.

That the veteran scorns to boast : Let brave comrades bear me witness, I fell fighting at my post, Tell her how we drove the Rebels, Trampled on their tratorous rag; How a solder died with honor: "Come on, boys, I have the Flag!

This place, so named on account of the great tunnel by which the Western and Atlantic Railroad passes the mountains, is thirty-one miles Victory. South of Chattanooga. On the next day General Thomas' column, which had fought the battle of Tunnel Hill, was confronted by the strong lines of the Rebels on a mountain ridge known as Buzzard Roost, and from the 8th to the 10th of May, he made several attempts to carry them by storm. The figting was fielce, but unsuccessflank march on Dalton, and when this was discovered by Johnston, the latter retreated, and Thones' column was enabled to pass this form:of Ceneral Thomas effected a junction.
