MEDICAL PROPERTIES AND USES.

-Buchu leaves are gently stimulant, with a peculiar tendency to the Urinary Organs, producing diaresis and like other similar medicenes, exciting diaphoresis when circumstances favor this mode of action. They are given in complaints of the Urinary Organs, such as Gravel, Chronic Catarrh of the Bladder, Morbid Irritation of the Bladder and Urethra, Disease of the Prostrate, and Retention or Incontinonce of Urine, from a loss of tone in the parts concerned in its evacuation. The remedy has been recommended in Dyspepsia, Chronic Rheumatism, for sale at the very lowest prices for cash or ap- for. Fire certificates will be sent for \$1, eleven for
