MOTHER'S WORK.

"Toiling at moon like the busy bee, Teaching the little ones A, B. C; Hearing the old ones read and spell, Smiling and praising when all goes well; Washing and breshing 'twixt work and play-Such is the mothers work day by day!

"Sowing good seed in the path along, Sowing by action, word and song; Never once peasing to count the cost, Knowing that much that is sown is lost; Bearing a prayer in her heart always-Such is a mother's life, day by day.

"Robing each form of its nightly rest, Hearing the fault of the day confessed; Thus at her knee, as her flower buds nod, Sealing and giving the day to God. Now, may good angles her watch essay, Angels have watched o'er her work all day."

AROTHER VIEW. [By a crusty old bachelor who lives in a family fication. where they "take no other boarders." The following lines we suggested by reading those entitled "Mother's Work."]

Toiling all day like a galley slave. Teaching the little brats to behave, Hearing the old ones quarrel and fight, Slapping and cuffing with all her might; Washing and brushing and blowing their noses: Such is the mother's work, till the day closes Sewing up rents in their best pants torn, Patching on new cloth over the worn; Never once pausing to count the stitches, Darning alike the boys and the breeches, Thankful in beart when they're out of the way, Such is a mother's life day by day.

Sending eace night-gound urchen to bed, Longing to hear the last word said, Wishing them happy in heaven above, With all the wormth of a mother's love; Now, may good angels be thankful alway, That they never work like mothers all day. I then would be nearly exhausted, and was entirely

Blow ato were absent. THOMPSON & KERSEY.

The report is very able, and will occupy a conspicuous place in the history of the Republican party. Whatever exceptions may be taken to one or another part, the whole will commend itself to the friends of the Union as a conclusive and admirable summary of the measures which the majority of the party regard as indespensable for securing the lasting restoration of the U. C. HARWOOD, nion and the triumph of the principles of Justice and Freedom.

Cultivating and Hoeing Corn.

After farmers have plowed and put in the seed, ever so well, their work is by no means done towards producing an abundant crop of grain .-Nature has made abundant provision for occupying the entire soil with growing plants, by scattering the seeds of hardy weeds all over the iand, which will usually vegetate sooner than seed that is put into the soil for a crop. There-

the crops, the seed is frequently planted in rows, read as follows: so that Nature can be assisted in keeping the weeds down, and the soil light and mellow by some mechanical means, either by plows, cultivators, or hand hoes. Where manual labor is so expensive as it is at present, no labor should be performed by hand which can be done more expeditiously and more easily with a horse. In cultivating corn, sorghum, broom corn and pocultivating corn, sorghum, broom corn and po-tatoes, labor is too expensive to perform any con-siderable portion of such work with hand hoes. Still, hand hoeing is essential, and cannot be dis-pensed with entirely. But the great proportion of the work, in order to make farming pay, must be done with horses, as one horse will be able to AN ACT to appropriate a sum of money to pay five or six faithful laborers, if proper tools be provided and team and implements are managed with skill.

The old way of dressing out boed crops, with a plow, is quite objectionable, and by no means an economical way of performing hand labor .plow is decidedly objectionable, in dressing out Indian corn, lor example, because it tears off same is hereby appropriated out of any unap-USE HELMBOLD'S FLUID EXTRACT BUCHU wretched suffering as I would wish to do. Laws of Maryland. PUBLIC, GENERAL.

OFFICIAL.

Secretary of Sepate. W.R. COLE.

Chief Clerk House Delegates. AN ACT to repeal section three of article ninety three of the Code of Public General Laws, passed March twenty-fourth, eighteen hundred and sixty-five, entitled "Testamentary laws," to come in after section three hundred and twenty-eight of said article, and to re-enact the same with amendments.

growth, noxious weeds will frequently obtain the ascendency, and choke their growth, and thus prevent the proper development and fructininety-three of the Code of Public General In order to prevent weeds from outstripping same is hereby repealed and re-enacted so as to

That the Orphans' Courts of the State shall

R. P. Bayly for printing extra copies of the Constitution of Maryland by order of this General Assembly, at its session of eighteen bundred and sixty five.

Section 1. Be it enacted by the General Assembly of Maryland, That the sum of two thousand two hundred and forty-eight dollars, be and the teen hundred and sixty-five.

Sec. 2. And be it enacted, That the Treasurer P. Bayly, or order, the above sum out of any Sec. 3. And be it enacted, That this act shall take effect from the date of its passage.

The Cholera.

To avoid the cholera, the following rules, among others, must be observed: Don't get it on the brain, and to this end, avoid reading the daily papers.

Endeavor it possible, to keep a clean con-Rise with the lark, but avoid larks in the e-
