REASONS WHY THE AMERICAN WATCH MADE AT WALTHAM, MASS.

IS THE BEST It is made on the best principle. Its frame is composed of solid plates, no jar can interfere with the harmony of its working and no sudden shock can damage its machinery. Every piece is made and finished by machinery (itself famous for its novely, as well as for its effectiveness) and is therefore properly made. The waich is what all mechanism should be-accurate, simple, strong and économical. Except some bigh THE act approved March 2nd, 1867, amend- grades, too costly for general use, toreign watch-Ing existing laws relating to Internal Rev. jes are chiefly made by women and boys. Such aware of the truth of this statement.

At the beginning of our eaterp: se more than ten jears agu, n was our bist object to make a thoroughly good low priced watch for the milton, to take the place of these foreign impositons; the retuse of foreign factories, which were
