A committee on permanent organization reported a the following names:-- for President. Thomas S. Alexander: Vice Presidents, Henry May, John B. Seidenstricker; Secretaries, Dr. Jos. Roberts, . Fuller Crane: Tressurer, Wm. E. Hosper. The report was adopted. The president submitted to the convention the following resolutions, reported ! by a committee appointed during session: Resolved. That the convention, in the name of the order-loving people of Baltimore, do solemnly protest against the attempt now making in the Legislature of Maryland to inaugurate a military despotism by the enactment of the bill to create a . Committee of Public Satety, which, under a profession of providing for the protection, "safety, peace and defence of the State," would, if enacted

which are unconstitutional and tyrannical in principle, and which, by withdrawing from the citizen. all guarantees now enjoyed for his individual security, must endanger the public peace; and in the) event of the enactment of that bill we shall estrem. it our duty to avail ourselves of all constitutional, ing public liberty. Reside d. Secondly, that measures enacted and

enacting by the Legislature are indicative of a purpose on the part of the majority thereof to precipitate Marsland into a struggle with the Constitutional authorities of the Union, and to effect by direct action a result which they acknowledge they are unable to accomplish by direct legislation on the subject; that we deprecate any effort at present to change the relations at present existing between the Union and this State, except by a Convention of delegates to be elected by the free choice of the people of Maryland, and charged by them especi-

ally to act on that question. The first resolution was adopted without debate. but the second produced an animated discu sion between Henry May, Gen. Kenly and Henry Stockbridge. The Chair explained the resolution, contending that as the State abandoned its allegiance) to Great Britain by a Convention, it was competent ; for her to leave the Union through the same means. On motion of Mr. Stockbridge, the resolution was amended by striking out all relating to the action of the Convention after the word "State." and inserting the words "by any authority whatsoever," when this resolution was also adopted, and a Committee of twenty appointed to proceed to Frederick a

and submit them to the Legislature. Resolutions were then offered, providing for a mass meeting-for the issuing of an address to the people of the State-for the election of a convenerick with the above resolutions.

Said Accident.-On Saturday night, a son of Mr. Jos. Abev of this city, about fourteen years of age. met his death under distressing circumstances. near Monkton. Baltimore county. Spoke 1st inst., to 33.35, but 74.20, sehr, near Glencoe, and with two other lads, had started on a hand car to Monkton. On the way they discovered a light approaching them, which they thought to be a train of cars, when young Abey attempted to jump off, but one of his companions. as it is stated, in his tright, caught him by the clothing, which threw him on the track in front of the car, and it passed directly over his body. He jumped up and said he was not hurt much, but after walking a few steps, fell, and died in about twenty minutes, from the internal injuries received. The body was vesterday brought to the city and conveyed to the house of his afflicted parents, on East Pratt street, beyond Broadway.

Evans has a letter from the President, to Mr. Corkran, requesting his appointment. but Mr. C. demurs to this arrangement, and claims) the right to select his own officers, and the matter) being as yet unsettled between them, this position has not been filled. Another brother of Mr. Corkran will probably be appointed, if the Rev. Col., can be gotten rid off.

Custom House. - This building was again besieged this morning by applicants and their friends, and the Collector occupied with receiving their papers and listening to their whisperings paesentation of their respective claims. Each was dismissed with the assurance, "I will do the best I can for you. but will not make any more appointments perhas, for a week." This would cause a drooping of previously hopeful faces, as they glanced at the accumulating pile of applications, and at the large crowd) in their rear, who were rushing them out of the back door as rapidly as possible, in order to get the ear of the Collector; - and thus it goes, from the opening to the closing of the building, each success.
