Arrival of Northern Troops-They are landed at Locust Point and loave for Washington.-The Baltimore and Ohio Railroad Company received notice last night from Washington that some troops would arrive here at one o-clock to-day from Perryville, and directed them to have cars ready for | their transportation to Washington. The Police Commissioners were also notified of their coming, and detailed a police force of three hundred to be in readiness to prevent an outbreak.

At 12 o'clock this force marched down to Locust ing no signs of the transport vessels coming they returned to await further tidings as to their arrival. Intelligence reaching the Mayor and Police Commissioners, at ? o'clock, that the ressels were below, they, with Marchal Kane and his force, proceeded to the place of landing. There were but few persons at Locust Point, as it was not known that the troops were coming, and the police outnumbered the outsiders.

At 31/2 o'clock, the steamer Maryland, four prowillers of the Erricson line and another steamer felled the fee Boat, ran up to the wharf at Locust | cents. int, all crowded with troops, who were there Aded as speedily as possible, and packed into h Thus of freight cars which were in waiting on the Ack. There were some twenty-fire hundred of the troops, all equipped and armed, being a portion of those that were at l'erryville, some three or four companies being regulars, and the remainder vol-

de Grace, J. R. Henry; Easton R. F. Wayman; Paralytic Attack .- Major Michael M. Clark, Quartermaster of the United States Army in this city, was prostrated this morning by a paralytic attack. He was at the Camden railroad station, arranging for the transportation of the command of Major Sherman to Washington, and complained of a peculiar sensation in his right arm, and in a few moments fell senscless into the arms of an officer the road, with whom he was conversing. Drs. Bull and Van Bibber were summoned to his aid, and [J. A. Shriver. pronounced the case one of paralysis, and the Major not having regained conciousness at twelve o'clock. the physicians had him removed to his house, No. 124 St. Paul street. Major Clark has been stationed here for three years, and is well known to our citi zens. He is aged about fifty-seven years, and being in seeble health, but little hope is entertained of his recovery. He was severely wounded during the Florida war, and upon his recovery was ordered to Oregon, but when about to leave for that territory he was again prostrated by an attack of paralysis, being the second time. His health being seriously affected in consequence, and by the effects of hi wound, he was then stationed in this city, where he

has since resided. The Railroad Bridges .- It is stated on the authority of Government officers, that the bridges on the Northern Central Railway, above the Relay House, have all been so far repaired that the road will be opened for the transportation of troops over the route to-morrow. The arrangements of the Secretary of War are said to be, to convey them over the road to the Relay House, and then murch them across to the Relay House on the Washington road; and that it is not for the present contemplated to quarter them in this city or to bring them here at all, unless future occurrences should demand such a step for the protection of Washington. The work of rebuilding the bridges on the Philadelphia road has not progressed so rapidly, and this route will not be opened for some days yet .-Fire hundred Government troops yesterday crossed over to Havre de Grace, a portion of whom were stationed there, and the remainder were marche to Bush river, to protect those engaged in rebuild-

ing that bridge. The Transit of Freight .- Messrs. Garrett and Smith, the President and Master of Transportation of the Baltimore and Ohio Railroad, last evening had an interview with General Butler, commander at the Relay House, and perfected an arrangement which will obviate the annoyance to which shippers of freight over this road have been subjected, by its seizure at the Helay House. General Butler | Virginia Life Insurance Company, Richmond, Va issued an order for the delivery of all the freight which had been seized at that point, and it has been returned to the owners here. He also gave assurance that hereafter nothing going over the road would be interfered with, unless the trains contained articles of war, or such quantities of pravisions as to indicate that they were designed for the use of the Virginia troops. He would, he said, protect all freight which could be classed as local, embracing groceries and provisions for dealers on the route. Serious Accident .- About seven o'clock last evening, whilst a number of young men from South and Ward Brothers. Baltimore were amusing themselves on the fishing shore at Cabin Branch, Curtis' Creek, John Darey, 1 one of the party, picked up an old musket which | CHARLES II. MYERS & BRO., was not thought to be loaded, and snapped it, while pointed at the person of Joseph Tatem. To his | BRANDIES; RUM; GIN; PORT, NADERIA, SHERRY horror, the musket exploded, the charge entering | the right side of the stomach of Mr. Tatem, causing a ghartly wound. As soon as possible, he was removed to his home, No. 2 Armistead Lane, and Dr. Webster summoned to his aid, but he pronounced his case hopeless. During the night he rallied somewhat, and Justice Showacre was called in to take his deposition, which fully exhonerates Mr. \ Darey, except from the charge of gross carelessness. The unfortunate man is aged about twenty-four

years, and unmarried. Police Appointments.—The following appointments have been made by the Board of Police Commissioners: Western District-Thos. Lawson, captain, eice W. H. Brown, resigned; Wm. B. Meredith, lieutenant, eice Lawron, promoted; George Zellers, sergeant, rice Meredith promoted; Richard A. Baseford, policeman, rice Zellers promoted. Southern District-Hamilton Linthicum, Maxwell Williams and Thomas Jones, policemen, to fill vacancies.

Brouned .- John Butke, a soldier from New York, belonging to Fort McHenry, was yesterday drowned near the Lazaretto, by the swamping of a boat. A companion was saved by clinging to the boat until relief came. The body of Burke was not recovered.

Patterson Park .- The Mayor last evening sent a communication to the Council, showing that no | U portion of the money appropriated for this park had been used, owing to the condition of the adjacent streets, but that as soon as they were graded, a force of laborers would be put to work there. Case of Mr. Spencer .- We understand that this ! gentleman is still deprived of his liberty, having been removed from the guard-house to the jail at | TIUUH SISSON, Annapolis.
