These, I believe, are the only seen from any Observatory in England till the 28th | visible to the naked eye in London in the direction Last night, four of the heaviest guns, and a force of the constellation of the Great Bear; right ascen-

('ROPE IN TEXAS.-The Belton (Texas) Independent, of the 4th inst., says: "Wheat is being ished. Never was there such a vast amount in Texas. Onts and barley are in a fair way to make the largest yield we ever saw. Corn will now be made without additional rain, but we are certain of showers after this.

Over Dre.-On the 22d of December last, Mr. Wm. H. Seward said, in a speech at the Astor House, that in sixty days the trouble would all be a over. This peace draft at sixty days' sight is today just three months over due, and not met yet. I It seems to us high time that the people protested _____

--- Mr. A. M. Ball, the late United States Armorer at Harper's Ferry, is now in Richmond at the request of Governor Letcher, giving instruc-| re will soon be put in operation for the manufacture of arms for the Southern Confederacy. | Ball is the inventor of the celebrated machine used in rifling the Minnie rifle, and also many other valuable machines, and improvements on ma-Chines used in the United States Armories.

___The New Orleans Picayune, of Tuesday | last, says: "Already a capital privateering vesselhas been fitted out in this city, and is now ready. --- The Cincinnati Commercial says the condition of the troops near that city is deplorable.—

of starvation. ---- A Mobile paper understands that twenty-

---- A new projectile has been invented in France, weighing ninety pounds, which falling in a column of troops is expected to kill a hundred ___ The editor of an exchange has been count-

ing the expenses, and he estimates that at the rate I the war is going on, it will cost the government , Sam, thin a day. ___The Boston boot and shoe dealers begin to confess themselves ruined. They find that the

WAT is the shoe that pinches. ----- A gentleman just arrived in New York from Liverpool, says that several vessels of heavy metal. ----Capt. Bradford, of Kentucky, the oldest
