The Colonel then addressed a note to Marshal Kane, requesting him to send an officer to the camp to point out the men, and expressed his disapprobation of the conduct of Waltemerer. Several of the police were then detailed to go again to the camp, and were accompanied by Captain Smith, and an Adjutant of the Federal troops, but upon reaching the camp ground, a mob of recruits, bended by Waltemeyer, amailed and drove them back, in such numbers, as to force the officers to seek safety in flight, leaving the men they had goue ! to arrest in the camp. They are strong at the Junction, where they have much artillery, and well constructed field works. They will certainly attempt to hold the Junction, which is so necessary for their communications between

Richmond and various other points in the State. The special Washington correspondent of the Philadelphia Inquirer, furnishes the following

A terrible fight is hourly expected. It is her make the lieved that the rebels have a strong force at the Manageas Junction, which they have so fortified as to dely invasion from the Federal troops. Col. Austin, who was instrumental in forming a British company in New York, and who obtained a number of Canadian recruits, has thrown up his commission and left for Montreal. Several other Canadian officers followed the example. The officers of the Second Michigan Regiment,

which arrived last night, are loud in their complaints regarding their quarters at the Inauguration Hall. They say it is extremely filthy, and smells like a charnel house. This is the same building occupied by the Pennsylvania Fifth, and is fraught with fevers. Several of their members have, in consequence, been prostrated with sick-

There was an interesting time at the quarters of the N. Y. Seventy-ninth Regiment (Highlanders) this afternoon. This regiment is encamped at Georgetown Heights, and the occasion alluded to was the introduction of their new Colonel, the brother of the Secretary of War, who has, by some Ananciering process known only to the parties interested been placed in a military position. It is something new for a fine regiment like the Highlanders to consent to such a forcing operation. Gen. Ewing introduced the new Colonel, who repeated the usual rigmarole of "proudest day of my life," &c., &c.,-"proud he was a Scotchman,"-and concluded by truthfully remarking that he felt unequal to the high position in which he had CHANGE, all kinds of UNCURRENT BANK been placed.

A letter from New York of yesterday's date The Provincial Council of the Roman Catholic | RENCY WANTED. Church brought its proceedings to a formal close vesterday, by the celebration of a solemn Pontifical High Mass by Archbishop Hughes, at St. Patrick's Cathedral. The sermon was delivered by Rt. Rev. Bishop McCloskey, of Albany. The steamer Vanderbilt has been chartered by

the United States Government, as a transport .--She is now taking in an extensive cargo of munitions of war, and will sail about Wednesday .-Her destination is unknown at present, but the "knowing ones" say she is bound for Fort Pickens, via Fort Jefferson, Tortugas. By the terms of the charter the Government agrees to pay her owner \$2,000 perday, as long as she continues in the United States service. It is rumored that Billy Wilson's "pet lambs" will be despatched hy this steamer.

One of the morning papers stated that the wife : " 122 of General Beauregard was at Rev. Henry Ward Beecher's Church last evening. A party in a position to know gives a flat contradiction to the story. It is true, a lady of the name of Beauregard was there, but it is not true that she was a relative of the Secession General. The journal in question has been hoazed. The friends of General Dix complain bitterly of

his alleged had treatment by the Administration. The honor of a Major Generalship conferred upon him by the Governor, is thus far but an empty one. The nine regiments fitted out under his inspection ! have been ordered, one by one, to the seat of war. leaving their commanding officer at length without a solitary regiment. The General threatens to resign.

From Chambersburg. CHANGERARI RG. June 10.—Since my last we have had several new arrivals. On Saturday Col. Miles came in with two companies of Minnesota regulars, direct from Fort Leavenworth. They went out to a new field, about two miles below town, and have established Camp Miles. The Sixteenth Regiment, Col. Zeigler, from York, Pa., reached here on Saturday, and are encamped at Camp Miles. The menare in good condition, and apparently feel remarkably well. nel was shot at on Friday night. We met vesterday, some of the Scott Legion from Greencastle, who report the regiment in fine order, and fast recovering from the effects of their i fearful march through ten miles of mud and water. The latest news from Harper's Ferry is that the troops are well supplied with fresh provisions, and that disease is fast declining. The pickets have been extended up the river some five miles in the direction of Martinsburg. The pickets up the Potomac appear to be acting much more in the capacity of spice than as a protection. No movement will be made from Greencastle until ordnance arrives from Carlisle and elsewhere.
