tion U. S., Amendments, art. 4.

"To secure these rights, governments are insti-"tuted among men, deriving their just powers) "from the consent of the governed."-Declaration of Independence, July 4, 1776.

It is idle to say that the power of taxation (or, by parity of reasoning, any other power) rests on consent, provided there be a right claimed for the government to compel that consent by force .- . Say. Political Economy, Chapter on Taxation.

"That in all cases, and at all times, the military "ought to be under strict subordination to, and "control of the civil power."-Declaration of Rights of the People of Meryland .- Art. 27. Can anybody show a different principle in the Constitution of the United States?

"That no man ought to be taken, or imprisoned,) "or disseized of his freehold, liberties or privi-" leges, or outlawed, or exiled, or in any manner "destroyed, or deprived of life, liberty, or pro-"perty, but by the judgment of his peers, or by "the law of the land." - Declaration of Rights of the People of Maryland, Art. 21.

THE AVARICE OF POWER.

What has become of the men who opposed, in 1803, the acquisition of Louisiana? Of those who resisted the purchase of Florida? What has become of their political adherents? They were chiefly of the Federal party, and at the North-Pickering, Wolcott, Ames and a host of othersea who, in warning tones, denounced the future ruin of the Republic as inseparable from its territorial |. expansion. They contended that no pure, thrifty and economical government could exist over any zeal resisted the acquisition of the mouths of the Missi sippi, and the water-shed of the Arkansas paper, from which we quote: ards which would more than counterbalance the eight men, under command of Major Alexand Spanish monarchy should possers those territories.) arms and institutions, rather than see developed l in this Republic the avarice of power.

Their teachings were not without fruits. It is corders. true, they failed in their opposition, but lest a numerous band of disciples to re-echo and prolong \

HEADQUARTERS DEPARTMENT OF VA., &c. FORT MORROE, Va., June 22, 1861. A

The Government line of steamers between Baltimore and this post is for the use of the Government, and not a line for pleasure travel.

By command of MAJOR GENERAL BUTLER. T. T. HARRIS, Acting Assistant Adj't Gen. Colonel Butler gues to New York this evening, with important Government despatches.

The Fanny has just returned. She was permitted to go as far as Craner Island. General Thraners.

The Old Point correspondent of the New York

There is no doubt that the enemy in this section military men, he sent here forthwith, our army will be obliged to act purely on the defensive. is a fact patent to all here, although it is denied at beadquarters, that the reliefs have been strongly reinforced at Big Bethel and Yorktown, as troops have been seen crossing the James river at a point ' about six miles above Newport News. The latter point, too, is strongly menaced by the enemy. although it is strongly defended by the outer ap-The enemy can at any time cut off the land communication between it and the fortress, and if in superior force, may erect land batteries on the water front of sufficient size to annoy the transport steamer that plies between Newport Newsand

There is not that capril du corps existing among the troops here that ought to characterize our army; the Big Bethel affair has diminished the I have little hones for the success of our arms.

Another Proclamation.

The Federal officers are great upon proclamations, and Gen. McClellan has signalized his arrival at Grafton by the issue of the following, from which it will be perceived be is much opposed to masked batteries and a guerilla warfare:-

"To my great regret I find that the enemies of the United States continue to carry on a system

"Individuals and marauding parties are pursuvickets, burning bridges, insulting, injuring and even killing citizens, because of their Union centi ments, and committing many kindred acts. Union sentiments or conduct, will be dealt with found bearing arms, unless of known lovalty, will

be arrested and held for examination." How to Haise the Wind.

This is the question which is just now engroseling the thoughts of the moneyed men of the war Ferry on the Maryland side, and were expected to party. The New York Day Book of Saturday |

> Various are the plans proposed for raising the enormous sums of money which, it is found, will beretofore adopted cannot be relied upon at this haps premature, is worthy of attentive consideramight meet the exigencies of the case to the extent contemplation of an unavoidable evil, have actually reasoned themselves into the belief that lions as proposed in the last named plan, of "circulating notes in convenient denominations. which, in Wall street parlance, signifies fives and under, if they should happen to be regardled with favor, could scarcely fail at this time. when our country banks are struggling to maintain their circulation, to precipitate a crisis in their af-Lissue Treasury notes of the denomination of twent dollars, to the amount of two hundred and perhaps three hundred millions of dollars. Now. as desperate cases require desperate remedies, and it seems to be admitted that the Constitution has been trampled under the feet of the Executive, in-

approval of his past course," why not go a step . 12% o'clock. further, and, instead of indirectly tuining all the banks and bringing about a suspension of specie all, to a great extent, in concenient denominations. come out holdly, as necessity knows no law, and interdict, under terrible penalties, the emission. by other banks, of paper money, and the commerce in specie by the people. Such a proceeding, while it could not fail to satisfy the most incredu-FORTRESS MONROR, June 22.-The propeller lous that we have a strong queerment, is by no
