We heard yesterday (says the New Orleans Delta ; of the 18th) from Brugg's camp. The army is in a good state of health and discipline, and the batteries have been greatly strengthened, and Bragg's resources and means of assault largely augmented. The enemy, too, has not been inactive. Two new batteries have been thrown up on the island near the tort. The rumor of a large increase of the enemy's force is not confirmed. There were i arrivals of new troops, but they were to supply the places of those who had served out their enlistments or who had to be dicharged on account of a sickness. Gen.
