Out of the Frying Pan into the Fire. - The brig Monticello, of Baltimore, is now lying off Old Point, a prize to the Federal steamer Dayligst. It will be recollected that this vessel was captured in the Chesapeake Bay by Capt. Hollins, of the Confederate Navy, in the steamer St. Nicholas, and with her valuable cargo of Rio coffee carried to Fred-28@29 c. for New Maryland. cricksburg, whence the cargo was taken to Richmond and sold. On Sunday morning last four runaway negroes put out in a canne for the Daylight, and informed Captain Lackwood of the presence of L the brig and her desire to get out. The Captain PORT OF BALTIMORK, August 30, 1861. started and found his prize quietly taking in ballast at Manassas landing, about seven miles above Urbana. He of course at once took powersion of her t in the name of Abraham Lincoln, President of the l United States, and put a prize crew on board, who \ took her down to Old Point. The Captain of the | to J. A shriver Monticello states that in consequence of the brig | belonging to Baltimore, the authorities at Richmond released her, and he was taking in ballast in order to reach home, when he was seized by the Federal authorities. It is to be hoped that the Federals will act with the same magnanimity as did the Confederates in the case of this vessel, particularly as she is the property of citizens of the

"loyal" State of Maryland. Futal Shooting Case at Prospect Hill Camp .-A case of shooting which resulted in the death of a soldier, occurred early yesterday morning, in the town Ihh tack Massachusetts Sixteenth Regiment, encamped at Prospect Hill, near Greenmount Cemetery. The shooting at first created a great deal of excitement. | 4- Janeire, 23th alt. from the fact that it was suspected that the man had been shot from a house in the neighborhood. and a squad of men was detailed to discover whence the shot came. It was found that one of the sentinels had been mortally shot, the ball having penetrated one side and passed entirely through his besty. Another sentinel was charged with the homicide, and he was pointed out by several, who de- | I . clared that they saw the shot fired and saw the man tall. What motive could have prompted the act could not be ascertained, nor could the names of either of the parties. The wounded man lingered for a short time and expired. The party charged with the shooting was at once arrested and placed in the guard house. The ball was fired from I

an Enfield rife. Another Pardon.-A German woman named Christian Hinkleman, who was convicted some time since in Baltimore county Court of robberr, and sentenced to six years' imprisonment in the Maryland Penitentiary, has been pardoned by the Governor, and is now at liberty. The woman who has always been well known as one of the most abandoned of her sex in Baltimore, and frequently arrested upon charges of a serious character, was convicted of robbing the extensive establishment of the Mesers. Hodges, on Hanover street, of about five hundred dollars worth of lace, and her discharge from the Penitentiary will, no doubt, occasion con siderable inquiry. This woman and an accomplice was convicted of the robbery, and sentenced to the Penitentiary. The man, who was worth at least \$40,000 in real estate, died before his period of service expired, and was buried in Potter's Field. Burglary.—During an early hour yesterday morn-

ing the residence of Mrs. Rebecca Hindes, No. 100 South Sharp street, was forcibly entered and robhad of a large number of articles, valued at less than two hundred dollars. Mrs. Hindes went to market, and was busily engaged in purchasing her supplies when the robbery was committed. The parties entered through the front door by means of a pair of nippers, and in the hurry of departure left them behind. A couple of men are suspected, and | Nos. 6 and 800TH LIBERTY ST., near BALTIMORE ST as they are well known to the police, their arrest will no doubt soon be made.

Charge of Shooting with Intent to Kill .- George Foltz and Samuel McElwee were arrested vesterday | • by Federal officer Carmichael, on a charge preferred by George W. Sherer of having shot at him with an intent to kill. The affair transpired at a late hour of Monday night, near the head of the Centre Market, resulting in John Sesche being seriously wounded. One of the party, named Wm. Fountain Morgan, was arrested the same night. Justice Hiss released Foltz and McElwee, on security of \$1,000 in each case, to await a further exami-

Let them keep at it-every thing must have a beginning, and ther will learn to shoot one of these days.

More Searching, -The boarding house of Mrs. Lecompt was thoroughly searched on Wednesday i evening to a posse of Federal officers, the reason assigned being that Mr. Edward Irving, clerk for Mr. Pattison the search of whose dwelling was TRUMPS. noticed vesterday-boarded there. Nothing was found but an old musket, represented as belonging | * ALL THE COPULAR MAGAZINES AND NEWSPA to Hooper C. Hulls, a brother of the Czar. This

Resener was discharged | children presented pron-pily at that time and immediately had Andreas Lentz arrested on a charge of perjury. Justice Griffin committed him to jail to await the action of the Grand Jury.

The Paturent Stromers.—The steamers George Weems, Mary Waskington and Planter, of the Patuxent line, which were stopped two weeks ago by order of the Federal government, have been permitted to resume their trips. The condition of the permission is that they shall carry neither freight nor passengers from this city to the Patuzent, except upon a permit from the Provost Marshal.

More Tremon. - Thomas alias Sockey Graves was Transfer touts closed until the lat July. arrested yesterday by Federal officer Smith, charged with having participated in the murderous assault on the Massachusetts and Pennsylvania troops on the 19th of April last. He was taken before Justice Griffin, who released him on security

for trial at Court. A Patriot Rewarded .- It is stated that John Evans, a son of the Rev. Col. French S. Evans, the au is it? self-appointed deputy Naval Officer of Baltimore, has been appointed to a \$1,200 clerkship in the War Department. He was formerly local reporter for Tr. the Patriot, and more recently a Deputy Federal lun Marshal.

measure is finally decided on. It is to be feared that General Rosencranz has not accomplished what the Government expected [from him. Not from any want of skill or generalship on his part, but owing to the want of a sufficient number of troops. The indications now are, that unless he is speedily and largely reinforced, he, and all the Federal troops now there, will be driven out of Western Virginia. If this does (except kenday) as follows, viz: take place, the mischief will be only begun. The expulsion of the Federal troops will be followed by the expulsion of the members of the Legislaginia, by that of the Governor of the new State, and probably by the imposition of very heavy burdens upon all the Union people of that part of the country. The Rebels will then seize upon the western part of the Baltimore and Ohio Bailroad 9 16 A. It is more than probable that before this time to the thungany, before they will be taken over any portion of advanced upon General Rosencranz upon one side, while General Lee and General Floyd have attacked him upon the other.

Notwithstanding the order forbidding telegraphic communication with points south of Louisville, it is found that this cannot be accomplished without the actual destruction of the telegraph lines from Tennessee downward, and this, of course, is at present an impossibility. The Government can stop all despatches from the North to Louisville, but from that point south it is powerless. Attempt to Blow up a Railroad Train. ROLLA, Mo., August 29.—The correspondent of he St. Louis Democrat furnishes the following in

An attempt was made yesterday, to blow up the rain due here at 4:50 this afternoon. As the train reached a point eight miles east of here an explosion took place beneath the locomotive, covering it with dirt and gravel, and slightly wounding the engineer. On backing the train to the side track it was discovered that a keg of powder had been buried between the rails, which was exploded in some unaccountable manner when the engine passed

The explosion occurred on an embankment over twenty feet high, and had its force been spent in an unward direction instead of laterally, as was the case, the train would, doubtless have been throwt from the track and several lives lost. A company of cavairy sent down the railroad to reconnoitre last night, found several rails torn up in a deep cut as low as any other route near Jamestown, and fired upon three suspicious characters on the track close by, but with what result is not known. General McBride, with 1,500 Confederates, is reported to be on Spring Creek, 25 miles southwest from here.
