The rehicle was broken to pieces. Mr. Pren tim thrown out and instantly killed, and one of hi students, Mr. Bonham, of Cuba, injured. Burglarious. - The residence of Judge Hugh Lennox Bond, No. 77 Franklin street, was burglariously entered on Thursday night and robbed of a lot of wearing apparel belonging to the Judge. No clue could be had as to the perpetrator of the robbery. On Friday night, between 8 and 11 o'clock, the dwelling of Abraham Cowen, No. 43 Liberty street, near Lexington, was entered by robbers, who, procreding up stairs to an upper apartment, broke open a trunk and took \$21 in money, a lot of clothing and a revolver, with which they made their escape. Warrants being procured from Justice Myers, | garade Charles Carroll and John Derry were arrested by Sergeant Cook and officer Andrews, on suspicion of being concerned in the robbery, but after an ex amination were discharged to-day.

Paying the Police .- Yesterday the several Captains of the police appointed by the Federal Gova ament, received from the Agents of the Governresult the amounts due the men who have been serving in the place of the regular force. The grown amount was not far from twenty thousand dollars. The regular force were paid off by Mayor Brown some days since, at which the amiable American wazeth wrath, and threatens Governmental interference with their future pay, forgetting that it contributed no little to the passage of the law under which the force was formed. It also forgets its bitter denunciations of the very men who it now extols as Federal officers while they composed the force under Marshal Herring. Consistency, thou art a jewel.

States them Oat .- When the work of entrenching Federal Hill commenced, about 100 workmen with horses and carts were employed by the Federal authorities for the purpose of amuting in the construction of the works. Some of the "loval" citi? rens vesterday lodged complaint that these poor Southern brethren, and as a necessary consequence were set to work later in the day, but on what con ditions we are unable to state. As the parties complained of came from the 8th ward, perhaps the men, horses and carts were all compelled to take the "oath of allegiance."

Death from Drowning .- During a late hour on Thursday evening the body of a German named John Deltz was discovered Boating upon the surface of the water at Spring Gardens, near the wharf of the Vineyard Hotel. It was hauled ashore and an inquest held by Justice Boyd, the jury rendering a verdict of accidental drowning. The deceased was about fifty years of age, leaves a wife and several children and for several days previous to his death appeared exceedingly depressed in consequence of an inability to support his family. Remoral of the Sick .- It has already been stated

that the National Hotel, on Camden street, was chartered by the Federal Government for the purposes of an hospital for the soldiers. The establishment which contains nearly one hundred rooms, i now in excellent order, and is occupied by over one hundred soldiers, nearly all of whom belonged to General Banks' command, and reached here on Thursday night, by the Baltimore and Ohio Rail road. The men, generally speaking, are doing well, and are attended by a number of surgeons. country or color, still wend their way to Washing. ton. The grand army of negro emancipation will soon be found composed of as many tongues as were once in olden times congregated to build a certain tower. The supply must be running short, however, as full regiments now are scarce. Seizure of Arms .- Yesterday afternoon Federal officer John Scott, with three other officers, paid a visit to the dwelling of Edwin Phillips, of the Permanent Police force, on Stirling street, near

Mott, and found two carbines, one Minie musket, one revolver and a cartridge box, with a lot of cartridges, concealed under the floor of a room in the

In default of payment he was committed to jail.
