Now AND THEN.—The following extract is from

Hon. Edward Everett's letter of acceptance

The fort occupies about two-thirds of the highest for the Vice Presidency in 1860. "The suggestion," said be, "that the Union can be maintained by the numerical predominance and military prowess of one section, exerted to coerce the other into submission is, in my judgment, as self-contradictory as it is dangerous. It comes loaded with the death-smell from fields wet with brothers' blood. If the vital principle of all Republican Governments is the consent of the governed, much more does a union of co-equal States require as its basis the voluntary to operation in its organic functions."
