HAVANA. From the N. Y. Evening Post of Wednesday. The steamship Columbia, from Havana on the 25th instant, arrived at this port this morning. During most of the passage she experienced a

A correspondent of the Cincinnati Gazette, writing from Nolin, Ky., 26th, says: Buckner's main army, heavily reinforced and numbering twenty to twenty-five thousand men, still lies at Bowling Green, with outposts and pickets thrown clear up to the Green river .-Between that point and our pickets the country is being harried by a troop of irregular Confederate

The intervening country is almost deserted by the inhabitants. Many have gone to friends in other parts of the State; many more have enlisted in either the National or the Confederate army. Along the road from our outposts to the Green river you may ride for miles without seeing a house that is not described. The unsettled state of the country, of course, encourages classes that the law usually holds in check, and housebreaking and burglary are frequent.
