MARYLAND LEGISLATURE. AMNAPOLIS, Dec. 30, 1840.

Mr. Causin moved that all that portion of the Governor's message which relates to the distribution of the public lands be referred to a select committee.

The Chair appointed Messrs. Causin, E. A Lynch, Gaither, Jones of S., Tuck, Prestman and Martin.

Mr. Gannt offered an order in relation to the Chesapeake and Ohio canal, as follows:

Ordered, That the President of the Cheapcake and Ohio Canal Co. be requested to report to this House as early as practicable, what progress has been made during the present year, towards the completion of said Canal.

Mr. Legrand obtained leave to bring in a bill to repeal the supplement to the act to provide for the administration of justice in cases of crimes and misdemeanors in the city and precincts of Baltimore, passed 1816, chapter 193, and to revise an act entitled an act for the more speedy trial of misdemeanors in the City of Baltimore, passed session 1835, chapter 75. Referred to the Committe on Grievances and Courts of Justice.

Mr. Graves obtained leave "to bring in a bill to abolish the present and to organize a new city

court of Baltimore." Houx, praying to be divorced from her husband, of the Blood.

David Houx. Mr. Gallagher presented the petitions of Mary McKewen and Catherine Berry, severally praying to be divorced; referred.

Mr. Gaither offrred the following resolution: Resolved by the General Assembly of Maryland, plaints; Female Complaints, &c. &c. That the proposition so to alter the Constitution of the U. States as to limit the Presidential service to one term, lately made in the Senate of the United States, meets the approbation of this Gen-

eral Assembly. Resolved, That a copy of the foregoing resolution be transmitted to our Senators and Representatives in Congress.

The following is a copy of the bill reported by h Mr. Bowie:

An Act to authorise the Incorporated Banks of this State to issue Small Notes for a limited time. SEC. 1. Be it enacted by the General Assembly of Maryland, That from and after the passage of this act, and until the first day of January eighteen hundred and forty-three, it shall and may be lawful for the Incorporated Banks of this becomes rough and black, countenance changes to a State to issue notes under the denomination of five pale or citron color, or yellow, like those afflicted with dollars, and not less than one dollar.

HISTORY OF HARD MONEY. The following brief history of hard money coinage we extract

from an exchange: "Copper was not coined in England until the tons of its approach—of this there is the most perfect time of Elizabeth—and then in small quantities, proof. and not well received. In 1672, a greater coinage took place, of half pennies and farthings .-) Silver pence, half pence and farthings, were coined down to the reign of Edward III. 1354; and Dr. DAVIS. then groats and halfgroats; next a shilling. Henry sixpences, and three-pences; Elizabeth two-VIII. coined crowns; Edward VI. half crowns, pences, and three farthing pieces. From 43d of Prench and German LOOKING-GLASS PLATES, Flizabeth to the present time, the coinage has of all sizes, which he will dispose of, wholesale and remained the same. The first gold coin was un- retail, as excap as can be purchased in this or any of der Henry III. 1257, in gold pennies. The the more neithern cities. guinea was coined in 1663, of Guinea gold, to go for 20s. but it never went for less than 21s. by extensively prepared to manuscrure, every variety of) lacit consent. It is computed that the whole) coined cash of the kingdom passes through the Bank every three years."

MOR the Cure of Coughs, Colds, Consumption; the execution of all orders in their business, and at the Bronchitis, Asthma, Spitting of Blood, Pain and Oppresion of the Breast, and all Diseases arising from a disordered condition of the Lungs.

Perhaps there is no Medical Observation better es tablished and none more generally confirmed by experience of the best Physicians of all ages in all countries, than the Fact, that many of the most difficult and i | curable Consumptions originate in neglected colds. : a climate so variable as ours, where the changes weather are frequently sudden and unexpected, it requires more care and attention to guard against this dangerous enemy to human life, than most persons are able and willing to bestow. The bills of mortality ex hibit the alarming and melancholy fact, that the number of deaths by this disease are as five to one. Inasmuch then as this fatal disease is increasing, and spreading so widely and fearfully, and bedding defiance often to the combined skill of the most eminent physicians, it is a gratification to the subscriber to be enabled to offer to all of consumptive habits, or those afflicted with distressing pains in the side or breast, or any affection of the breast or lungs, a reasonable and almost

certain prospect of relief.
