EXCHANGE AND MONEY MARKET, FOR JAN-WARY 4, 1841. Exchanges have been very insetive during the last week. We quote Exchange on New York, joj prom; on Philadelphia, joj ine; on Richmond, Petersburg, Norfolk, and Winchester, lat! disc. The failure of the Frankhis Bank has thrown a gloom upon the Money Market, which will not be dispelled for some officers of the Bank, and a great mation is solvent, at least can pay every dollar of its circulation and deposits. It is hoped that it may be so, but how can a community so eften succes of those interested in the affairs of the Ban As far as can be learned, the circulation of the Bank consists of about \$250,000, the debt of the Bank is computed at about \$200,000, and the deposits probably as much more. Where are the funds to meet these liabilities? Let them be stated, and the public will rest more satisfied.

This day will truly be long remembered by the citizens of Baltimore. In addition to the failure of the Franklin Bank, the Tide Water Canal Company will not pay more than about 20 per ct. on their loan of \$300,000, issued in Post Notes the denomination of 50 and 100 dollars, which full due to-day—they will renew the balance for the space of 6 and 12 months, issued in the same form. This will cause a great depreciation in the 'take of the new issue, which probably will be sold from 10 to 20 per cent. discount—it also will affect the currency of the company, which is actually down to 20 per cent. discount. The holders of the post notes are greatly exasperated against the officers of the company, who insured them, almost to the last, the full payment of the came-nay, went so far as to state publicly, that even for the currency an early provision should be mads. O temporu! O meres!

resumption of the Baltimore Banks will not take place, we are convinced to the contrary, notwithstanding there are those who doubt the solvency of other institutions in this city. They will, however, be hard run for specie, and probably will have to redeem every dollar of their outstanding circulation.

On Saturday, specie was very scarce at from 2 to 2; per cent. premium.
