## For the Baltimore Clipper. SAM SLICK'S VISIT TO THE FAIR. BY O. F. W.

Well, all in all, Sam Slick is a clever fellow, and in most cases with much judgment; in fact the ladies say he does, and some tell of his having spent money on the occasion of his visit to the Fair without a prompter; for when he acknowledged the benevolent look of the damsel who met him at the door, he paid his two shillings for admission without a sigh, and hastening into the room, he met adother, whose smile beamed heaven; "indeed," says Sam, "'twas such a penetrating glance that I actually felt it to the bottom of my pockets, making a row amongst my shiners;" or, in other words, it was like the broad side from a reventy-four gun ship—politely giving him the important information that he and hi purse were laid under contribution. . Whilst the batteries from the surrounding ramparts were already opened upon him, waiting any compulsory movements necessary to the fulfilment of any propositions offered, whether for his mutual benefit, or for the benefit of the poor, alike obligatory on with nothing short of fair compensation to be paid in gold and silve, or its equivalent, on the day of sale.

I'll keep easy, and make poverty a great convenience, one of the gentler sex politely accosted him, and asked him in a business manner-"Will you take a cup of coffee, sir?" "No objec tions, being it's you, and if I like it I'll take another, and then may be as how I'll drink your health," replied Sam. "Thank you, sir, I must acknowledge a compliment, and will drink with you with pleasure. Your name, if I take not, sir, is Samuel Slick." "Well, you have guess'd it slick enough." "I was sure it down, for really I fear I may have fewer calls ! than others." "Hardly," says Sam; "for if you were up for raffle I'd go a chance in you." other compliment, sir, and hope you are no going; but, ah! I see, a lady calls you on the opposite side of the room." Sam acknowledges the summons with all due formality, and the lady hands him a letter, telling him it was given to her by a friend to hand to him, hearing that he would visit the fan, and requesting her to receive 25 cents, the amount of postage paid upon it, at the same time | The first year of a woman's wedded life is gen- | the present unsettled state of affairs.
