wrappers-price 61 cents. T/ALLIER'S FRENCH PILL, FOR THE CURB OF SECRET DISEASES. One box of these inestimable Pills is worth all the Quack Medicines I in the world.

COMMENT. If we examine the nature of the above diseases, and the situation of the parts affected, we must consider it a very important object to be able to obtain a remedy at once certain in its action, and at the same time composed of such ingredients as will prevent the possibility of discovery while using it. It is a fact well known to many, that most of the remedies offered for these diseases are composed of such nauscous drugs, as to render it almost impossible to continue their use without creating a sickness at the stomach or other unpleasant consequences. Such being the case there can be no duobt but such a remedy as Valier's French Pills, will meet the universal approbation, being entirely free from those objections; pleasant in their operation, and prompt in removing the disease. The proprietor would here remark, that the efficacy of these Pills in the disorders alluded to, are not based upon supposition; on the contrary, it is founded upon rational experience, having used them in a successfut practice for upwards of two years, he feels confident o their superiority over the remedies hitherto employed. 00-Price one dollar per box.
