

My-By some massoonntable mistake we failed to receive our Washington correspondence last night.

offences are considered ungenteel. A man runs pery and folly: He-was a better historian than 1840. "On motion," Mr. Cole was permitted to \$12.50; No. 1.210.50; prime \$8.50a9. Balti- were colored persons—7 free, 3 staves." in debt and chests his circuitors, and is called unthe revival of hairy envelopes for the counter was a control of the revival of hairy envelopes for the counter was a control of the revival of hairy envelopes for the counter was a control of the revival of hairy envelopes for the counter was a control of the revival of hairy envelopes for the counter was a control of the revival of hairy envelopes for the counter was a control of the revival of hairy envelopes for the counter was a control of the counter of fortunate: an officer steals money from a bank or from government, and he is a defaulter. In fact the public have become so much accustomed to witness these villainous acts, that they have ceased to of the Lower Empire. For ourselves, we conbe even a nine-days' wonder. It is considered protuberances, fit only to defile the drink which issue of small notes for change by the city corpomuch more extraordinary to find a man who, having the opportunity, declines to turn robber. We of dislike and contempt. And whether upon the were of opinion that inasmuch as the President shall not imitate our cotemporaries in the use of "holiday terms," and hope that the period is not distant when punishment will be certain to follow his nose, and twisting his tehiskers, or mustaches, less denomination than one dollar, any motion on crime. In respect to appointments under the general government care should be taken to exclude all who, from habit, would be likely to spend more than they earn—in other words, whose habits of extravagance are stronger than their moral | climate. There we have many times passed the principles—for, in the hands of such men, the hopelessness can make them, extended under a the table. public money can never be sase. If bank direct powerful Syrian sun, and curling and twisting tors choose to make bad selections of officers, or their mustaches, with all the pride of an Ameriwilfully divest themselves of all control over them, the remedy, as the loss, is with the stockholders: with public officers the loss is general. We believe that General Harrison will come into the Presidential chair resolved to administer we cannot believe that a man possessed of comthe affairs of government with purity and uprightness. He will necessarily have to make many appointments, and it is here that the greatest caution will be required. We have no pretensions to be of his council or to know his mind; but from the opinion we have formed of his character, we have reason to hope, that he will grant office only where he has the full assurance that the applicant is honest and capable. To ascertain these points require some dexterity to swallow soup without street certificates will not be required-for signatures could be got to hang any man as readily as to advance him to office. They are frequently given without investigation, taking it for granted that the object for which they are asked has been justly stated. Touching the confidence which may be reposed in the integrity of applicants for office, it may be well for the President to invariably require evidence that they have heretofore acted honestly-for it is generally a correct criterion to determine what a man will be, by what he has been. It would be as easy to wash the Ethiop white, as to cure a rogue of his propensity | day last an incidental discussion arose on the preto plunder. An unfortunate man in private life sentation by Mr. Merrick, of a memorial from is apt to become the defaulter in public office. | the Mayor and City Councils of Baltimore, pray-We do not mean this of the truly unfortunate- ing for an appropriation to commence the conthey have our commisseration and respect.
