CITY COUNCIL.

FIRST BRANCH, Feb. 22. The Branch met President, and all the members.

Mr. Hanson presented the petition of Jacob Baier, relative to the improvement of his house. Reserred to joint committee on fire companies. Mr. Cole presented the petition of Wm. Vermetson and others, praying for a gas lamp in the centre of Second street, south side, between Mar-

ket Space. Referred to city commissioners. Mr. Blakeney presented the petition of Wm. Enseell, praying for permission to improve his property on Eutaw street. Referred to commit-

ted on fire companies. A message was received from the Second Beanch, which signified that Mr. Krebs had been appointed on the joint committee on alms-house. Also, on the joint committee on commerce, to fill

Harden. Bill No. 13, relative to the disposal of the state | the elements of discord and strife? Can we light stock, was called up by Mr. Bender. The bill the torch of the incendiary? Can we rock to 105,600 Nats for same, (1 7 8 sq'e, 9-16 thick,)

was passed. select committee, relative to that portion of the laws we are bound to support and to protect? This Mayor's message where allusion is made to the is what they would do, and what they wonder payment and collection of taxes. Accompanying that they have not effected, particularly the report was an ordinance, both of which were with Maryland, which, it seems, they are oblig-

streets was called up by Mr. Dallam, which upon | question is most important. For them, that they being amended, was passed.

This was the long looked-for, almighty and much- so far as the elevation of the character and imtalked of "green bag," or in other words the list provement in the condition of the African race is of mominations for office. On motion of Mr. Donevan, a committee was appointed to inform the Becond Branch of the fact, and invite its members tageous to all, and injurious to none. For ourinto secret convention with the first. The bag selves, that the same causes which have thus far and the proposal will state the places as well as times was of sizeable dimensions—so ponderous that it rendered our state the least moveable and vulnerhe bore it across the chamber to his honor, the should continue to be supported and strengthened. for delivery at each; so as to allow an option to the president. Subsequent movements being of a secret | The whole is explained in one word: | We owe | Company in regard to them should the proposal be acorder, ourself with the lobby members were per- our quiet, or freedom from the agitation and fo- cepted. mitted to withdraw. Previous, however, to the ment which have excited all parts of this Union, The hern Timber, intended for the cross-ties and supawful conflict, there reigned a dead silence, or to our state system of colonization. Maryland port-blocks, may be of white-oak, rock-oak or chesnut rather a muttering like the sound of many horses has never closed her eyes to the subject of her land discount. It must be sound wood, and straight has never closed her eyes to the subject of her land discount. It must be sound wood, and straight land to hattle. The manner restore delivering is in going to battle. There was considerable whiscolored population. If she has been little known

For the Baltimore Cupper. MESSES. Epirons: I sometime since noticed an article in a northern abolition paper, headed "Maryland," commencing with the following 105,600 sticks, bewn flat on two opposite sides, to a

paragraph: "It is seldom we devote a separate article to this state, although our attention has been often turned to its condition. It ought to be the most known and the most moveable of any of the slave states except Delaware, but for some reason it is almost the reverse."

This, then, is the manner in which we are 52,800 Bottom Plates, do calculated upon by our northern friends. The the vacancy occasioned by the death of Mr. S. questions with them seem plainly to be: Are they moveable? Is it possible for us to stir up in them their base and demolish the institutions of any of Mr. Dallam presented the report of the joint the states of this Union whose constitution and 105,000 Washers, of a wedge form, 31 inches ed to confess is the least moveable. And why? 844,800 Hook-headed Spikes, 41 inches long, Bill No. 12, being an ordinance in relation to For them and for ourselves the answer to this may thereby see, if they will but desist from A message was received from the Mayor .- their efforts and let us entirely alone, the results concerned, which they profess to advocate, would be consummated in a way satisfactory and advan-
