WASHINGTON, Feb. 27, 1841. It is really surprising how much work Cosgress will do when they are forced to it. Last night, after I closed, the Naval Appropriation Bill was reported, and this merning it was passed with a slight amendment. Those members who had determined on making long speeches, were cried down by a simultaneous call of "question - for sule, at alkines, Watches, Jawelry, Fancy Articles, question." This plan is almost as good as the practice of "coughing" (not cuffing) members A e Britannia Ware, Astral and other Lamps No. down in the British House of Commons. If our 27 to the very exert near Lombard et. legislators would spin their long yarns on the Manager . HARLEY, BAGRAVER ON WOOD, stump, and, when here, attend to business, Congress need never remain in session above three months in the year. This may appear strange, Wew York Daily and Weekly Herald, &c. &c. but, when we consider that the bill involving a No. 12 NORTH STREET, near the Post-office. great amount, for the pay and mileage of members, passed both Houses in twenty minutes, the AGENT & COLLECTUR, N. Mr. Jones, the Chairman of the Committee on \ Ways and Means, who reported the Naval Bill, A in Lexington street, and removed to Market st. expressed himself much surprised at the loose I apprize the public that such is not the fact, a large charges made in relation to the ruinous and inef- ous of buying AT an UNDER COST, may lay out ficient state of our navy. He shewed that we their money advantageously prior to my removal, as in had 26 vessels in commission, which vessels were so judiciously arrayed, as to furnish ample protection to our commerce. Besides the vessels already in commission, he shewed that the frame timbers for the following vessels, were prepared, and ready to be put together at a short notice, Woollen Stair CARPETING, quarter and ap viz: 15 ships of the line, 18 frigates, 15 sloops of war, 9 steamers, and 9 brigs and schooners.

in anticipation of a war, for if that state of things existed, it would be our duty to appoint not two millions, but tens of millions. He contended that the small amount asked for in the bill was suffi- Mouselaine de Laine DRESSES, quarter cient at present for all practical purposes.

The army bill was next taken up, when after | White Cambrie the rejection of sundry proposed amendments, a Pxc. lient GingHAMS, eleve long debate arose on an amendment making an White Pocket appropriation for the service in Florida. The Bilk Pocket amendment was finally agreed to, and the bill passed.

The Indian appropriation bill was next taken up and passed.

In the Senate, after the disposal of some priwate business, the finance committee reported the Large size brown Cloths, half dollar general appropriation bill from the House with Brown Ho land, eleve-Yard wide Diaper, eleve sundry amendments. Without coming to any Florence Braid BUNNETE, two and harf conclusion thereon, the doors were then closed, Misses do and the Senate went into executive session.

[Reported for the Clipper.] BALTIMORE CITY COURT.

Present -- Judges Brice, Nisbet and Worthington. Saturday, Feb. 27., The jury in the case of Henry Gunter came into court this morning with a verdict of not guilty. Messrs.
