MESSES. EDITORS: By giving the following paragraph a place in your valuable and widelycirculated paper you will confer a great favor on t a subscriber and a number of consumers of gas. The reason the memorial to the City Council \ praying some action on the subject of Inspecting and Measuring Gas, was not presented to all the consumers of gas in the city, is, that in consequence of it not being started until after it was i known the Councils would adjourn on the 20th, it was necessary to have it presented at the earliest opportunity, which only gave a day or two to circulate said memorial. "Up Town" will receive this apology for not having an opportunity i to subscribe his name to a petition in his estimation so necessary, and the prayer of which our Councils are bound to grant. Rest assured the same feelings and sentiments prevail throughout the city, and will not subside until we shall in

some measure have relieved ourselves from the burthen under which we are greening, and check in some degree, that hand, whose avaricious grasp is laid so heavily upon thousands of our fellow-Down Town.
