

BALTIMORE CLIPPER. SATURDAY MORNING, MARCH 27, 1841.

THE OCEAN. In the Ocean of this week, will be found a full report of the trial, together with the verdict of the jury, in the case of Peter Robinson, for the murder of Mr. Suydam.

Besides this, is other interesting matter, as usual—the latest foreign news, general domestic intelligence, &c.

Copies may be procured at the counter, done up in wrappers or otherwise, price 6 cents per single copy. Subscription price, \$1 50 per annum, in advance.

ROBINSON'S TRIAL. It will be seen by our paper of to-day, that this interesting trial has closed, and that the jury has pronounced the prisoner "GUILTY OF MURDER IN THE FIRST DEGREE."

The hardened wretch, upon hearing his doom, did not evince the least feeling of surprise or remorse, but proposed to the sheriff to divide the profits which would accrue from erecting the scaffold and having him, giving, as a reason, that he would "have the hardest time of it," and therefore deserved a "portion" of the "spoils."

MISSIONARIES—TEMPERANCE. Great zeal has been properly manifested by different denominations of Christians, in furnishing missionaries for the conversion of the heathen; and the islands of the Pacific bear evidence of the successful labors of those engaged in the good work. The savage practices which have degraded the human character, have been abandoned; and the abhorred Cannibal has been induced to adopt the mild and humane doctrines of the Christian religion.

THE BODY OF ANOTHER BALTIMOREAN FOUND. The following we take from the Mobile Journal of the 15th inst. It is possible, however, that it may have arisen from the circumstance of Mr. Mosher's body having been found in the same place, and that there was a mistake made in giving the name, or that Mr. Woodward was unfortunately a passenger in the same vessel with Mr. Mosher. We give it, however, as we find it, hoping that further developments may bring more welcome intelligence to the friends of both parties.

"Shipwreck. We learn from a passenger from Pensacola, that a schooner (name unknown) was discovered a day or two since, bottom upwards, near that port; and the body of a gentleman washed ashore, on whose person was found \$1,500 in cash, a credit on a house in New Orleans for \$11,000, and a gold watch. It appears from his pocket book that the name of the deceased was Woodward, and that he was from Baltimore.

"These are the only particulars we have been able to gather from our informant."

DARING ROBBERY. By an extra from the Boston Times, we learn that a most daring and extensive robbery was committed in that city on the evening of the 23d inst., between seven and half past nine o'clock. The store of Messrs. Davis, Palmer & Co. was entered, within that time, and robbed of nearly all its valuable contents, consisting of watches, jewelry, &c., and valued at about ten thousand dollars.

The discovery was made by the clerk at about half past nine o'clock, on returning to the store, where he was accustomed to sleep. About ten o'clock on the same night, a man was traced to one of the wharves, having with him several trunks, which were put on board a boat and carried away. Two schooners cleared the same night for New Brunswick, and it is strongly suspected that one of them has on board the stolen goods. There was some talk of sending a revenue cutter after the vessels, and it is probable it was done.

MARRIED—On the 3d ult., in Fayette, Wisconsin Territory, Mr. Joseph Beem, to Miss Susan Moat.

This is another illustration of the fitness of things. Mr. Beem got a Moat in his eye, and Miss Moat got a Beem in her eye. Mr. Beem couldn't pluck the Moat out of his eye—Miss Moat couldn't take the Beem out of her eye.—Here was a difficulty—the case was urgent—something must be done—Mr. Beem felt bad—Miss Moat felt bad—and at last, like wise folks, they called in the parson, who expounded the whole matter in a manner at once the most conclusive and satisfactory.

FIRE AND LOSS OF LIFE. We learn by a slip from the office of the St. John (N. H.) Courier, that a disastrous fire broke out in that city, on Wednesday morning last, which destroyed eight fine stores, and several buildings in the rear of them, among which were the Observer and Morning News printing offices.

A woman and two children perished in the flames, and Mr. Matthew Holdsworth, of the firm of Holdsworth & Daniel, accidentally fell through a hatchway from the third story, and was so much injured that he survived but a few minutes.

MIDSHIPMEN. Two young midshipmen were taken to the watch house in Philadelphia, on Wednesday night, for drunkenness, disorderly conduct, and breach of the peace, and next morning were fined by the Recorder for profane swearing, and bound over in the sum of \$100 each to keep the peace. We would advise the temperance men to give them a call.

BALTIMORE MARKET. March 26, 1841.

Flour. We have heard of some sales of good common brands at \$4.44. Dealers in Howard street generally refuse \$4.37, though it may yet be given as the quotation price. The receipt price still continues at \$4.25. Holders of City Mills Flour are more firm, and there has been a slight advance in the article. We quote at \$4.56 a \$4.62. The stock on hand is not heavy.

Grain. We have been informed of sales of Maryland white wheat at 90a100 cts., and reds at 87a93 cts. Last sales of Maryland Rye 50 cts. Corn has advanced a little. We quote Md. white at 43a44 cts., and yellow do. 41a45 cts. Oats do. 25a27 cts.; Virginia do. 23a24 cts.—Cloverseed from stores, \$4.75a\$4.57, Timothy seed, from do. \$2.75a3.

Provisions. This market continues without any material alteration or much animation. Mess Beef, \$12.50; No. 1, \$10.50; Prime, \$8.50a\$9. Western Bacon, assorted, 7a7 1/2 cts. Hams, do. 9 a9 1/2 cts. Middlings, 7 1/2 cts. Frederick county cured Bacon, of assorted quality, 7 1/2 cts. Baltimore cured Hams, 10a10 1/2 cts. Middlings, do. 8a 8 1/2 cts. Western Lard, in kegs, No. 1, 7 cts.—There have been but few transactions in Butter. Glades, No. 1, 18a20 cts.; No. 2, 14a18 cts.; No. 3, 9a11 cts., according to quality. Western, No. 1, 10a11 cts.; No. 2, 8a9 1/2 cts.; No. 3, 7a7 1/2 cts.

Cattle. There is a fair supply of Beef Cattle. Prices are without much change. We quote last sales at \$6a7.75 per 100 lbs. according to quality. Live hogs command from \$5.50 to \$5.75 per 100 lbs.

Whiskey. We quote bbls. at 21 cts., and bbls. 23 cts., as at last quotations. Wagon price exclusive of bbl., 19 cts.

WHITMAN'S EAGLE HOTEL. P. B. Dodridge, Ohio; A. W. Dodridge, do; A. H. Shipley, Frederick co. Md.; J. C. Gaitwait, Newark, N. J.; J. Langly, Ohio; Mr. Johnson, do; Gen. Fogg, N. Y.; R. Roberts, Ohio; J. Hurr, Newark, N. J.; S. Howard, Ohio; Mr. Stanard, Pa.; Mr. Hurlbert, S. C.; A. Fuller, Washington; R. Cruitt, do; S. C. Kidd, N. Y.; Mr. Ackerman, do; J. Levering, Philad.; A. Snow, P. Deposit; F. D. Anderson, Swansboro Mills, Md.; J. Copeland, Philad.; J. T. Brown, Elkton, Md.; Mr. Crommalin, do; M. M. Moley, Wilmington, Del.; M. Moley, Philad.; Mr. Stevens, Richmond; Wm. Stanton, Mobile; Mr. Chase, Calvert co., Md.; J. Fairbank, Philad.; J. Porter, do; W. Wright, Ohio.

BOARD OF TRADE. The following members constitute the Committee on Arbitration for the month of March, 1841: HUGH BISHOP, JOHN BAIRD, M. S. NORTON, Enoch Pratt, J. W. PATTERSON.

ARRIVALS AT HOTELS. We were induced to commence publishing the names of persons arriving each day at the principal hotels in Baltimore, at the suggestion of several respectable merchants, and have continued it at considerable trouble and some expense. These we are willing to incur, as we find that the list of arrivals is gratifying to our readers—but some of the hotel keepers object to the publication as it is said to be disliked by some of their customers, and the names are consequently withheld from us. We have thought this explanation necessary to account for the omission of hotels heretofore published.

WHAT A HOAX IT WOULD BE! We glean the following from the Courier des Etats Unis, a French journal published in New York: "At a recent ball during the carnival in Paris, a character in mask asserted that the remains of Napoleon had been spirited away from the custody of the French and those of an English corporal substituted in their place. He offered, indeed, to prove by indubitable evidence that the body of the 'martyr of St. Helena' was now in fact at Westminster, while the corporal aforesaid was reposing in state at the Invalides."

NEW MOVEMENT. The Philadelphia Spirit of the Times says, that it was decided at a democratic meeting in North ward, that none of the primary meetings of the party should hereafter be held at a tavern! This is an excellent resolve, and deserves to be adopted by both parties in Philadelphia and elsewhere. Parties can then put spirit into their resolutions, instead of into their mouths.

MYSTERIOUS DISAPPEARANCE. We learn from Kensington, N. H., that great excitement exists in that place, in consequence of the sudden and unaccountable absence of a wealthy, respectable citizen, and a State Senator, from his home, he having been absent upwards of five weeks, and no intelligence whatever obtained from him, although the most unremitting exertions to that effect have been made by his friends.

ACCIDENT. Yesterday morning, a boy named Loman, said to be from Piney Woods, Anne Arundel county, was riding in West Pratt-st., he was thrown from his horse against a fire-plug, and dangerously injured. He was immediately conveyed to the infirmary.

THIEVES. A family living in Aisquith-st., hearing a noise in the house about four o'clock yesterday morning, proceeded to call the watch, when the thief retreated, and made his escape, notwithstanding he was seized by the coat by one of the domestics.

TEMPERANCE. James Kirkpatrick nearly lost his life on Thursday evening last, in a fit of intemperance. He had fallen into a pond of water in the western part of the city, where he was discovered in time to save him. He was conveyed to the watch house.

NEGLECTANCE. The keeper of a lottery office in Exchange Place having left his door open on Thursday night, it was closed and secured by watchman Burke. The owner was certainly very remiss, but he probably thought that no one would be so foolish as to steal lottery tickets, as it would be labor lost.

APPOINTMENT BY THE PRESIDENT. NATHANIEL F. WILLIAMS, Collector of the Customs at Baltimore, Md. vice Wm. Frick, removed.

MEETING OF GAS CONSUMERS. Pursuant to public notice, a meeting of the Gas Consumers of the city of Baltimore was held at Sutton's Military Hall on Thursday, 25th March, when, on motion, it was unanimously Resolved, That Wm. H. Cole, sen'r, be called to the Chair, and that ALEXANDER AOKA, be appointed Sec'y. The meeting was organized, on motion of C. M. Cole, it was Resolved, That a committee of five be appointed to draft a memorial to request the Legislature to empower the Councils of this city to appoint an Inspector and Measurer of Gas, when, on motion, the following gentlemen were appointed to the said committee: G. M. COLE, JAMES ACKLAND, GEORGE W. BULL, DANIEL COONAN, DANIEL McDONELL.

Resolved, That a committee of five be appointed to obtain signatures to the above memorial, and that said committee be instructed to proceed forthwith to the discharge of their duties, and they are hereby requested to wait upon every consumer of Gas in this city, and endeavor to obtain his signature to the following MEMORIAL:

To the Honorable The General Assembly of Maryland: The memorial of the undersigned consumers of Gas of the city of Baltimore, respectfully sheweth, That the amount of the enormous amount of money demanded for Gas, by the Gas Light Company of Baltimore, and of the yearly increase of the amount, and from the information we have severally received, as well as our personal observation, we feel perfectly satisfied that the unwarrantable increase is occasioned by the present system of measurement of said Gas, in which we have no reliance or the least confidence.

Your memorialists will briefly state some of the reasons which induce the undersigned citizens of Baltimore to make this application, and which prompt your memorialists to make the aid of the state for its relief known that there is an existence in the city of Baltimore a large Company engaged in the manufacture of Gas, and that the Gas is used to a great extent by persons engaged in business. The fixtures and pipe leading from the body of the main pipe (which is laid at the expense of the company) is uniformly paid for by the consumers. Some years ago the company adopted an entirely new plan for the sale of the Gas—at first a light was furnished for a stipulated price per annum, regulated, according to the size of the burners used by the consumers; but now the price depends upon the design of the company to increase the quantity consumed.

To ascertain the quantity, the company have set up machines which they call meters, by which they contend the quantity can be ascertained. The consumers, with great unanimity, say that not the slightest dependence is to be placed upon these meters, and refer to the fact that they frequently show that large quantities of Gas are consumed, when, in point of fact, none at all, or but a very small quantity, has been used. So thoroughly satisfied are the citizens that they are imposed upon by said mode of measurement, that they are charged for Gas which they never use, that in most cases, there are disputes. According to this regulation, the whole matter is within the control of the company—it is they, and they only, who determine what is due—the citizen being bound to conform to their estimate, or be deprived of the use of the Gas until he does.

It certainly never was the design of the Legislature, in incorporating this company, to place the citizens entirely under its will and control—the company was expressly established for the good of the people, to furnish them with a good and cheap light. This intention the people are willing and anxious to conform to; they ask not that the company be compelled to sell the Gas at certain rates, but that it may be permitted to enforce payment for more than they dispose of; all the people ask for is, that in this as in all other matters of trade, that there be some certain and positive mode of determining the quantity consumed—and that the company, as well as the consumer, be bound to submit to the decision of an uninterested and sworn measure.

So satisfied are the consumers that they are grossly imposed upon by the present system of measurement, that your memorialists believe that there are but few among them who are not of the opinion that they have paid and are paying for what they have not and are not receiving.

That justice may be done alike to the company, to the public, and your Memorialists: Resolved, That a copy of the above mentioned memorial and resolutions, after the signatures are procured to the same, be forwarded forthwith to the Mayor and the Councils from Baltimore, with a request that they will endeavor to procure the passage of the act therein referred to.

Resolved, That the undersigned, in testimony of their support of the above cause, will place their names to this insertion.
