At present, arrived at Bordeaux 3d March. annually to the state for five years, from six leged disclosures. This document was finally it should be remembered we have but one side of months after the completion of the canal, the read by Mr. Chandler. The Report commenced the matter. by stating that every facility had been afforded The Bank of the United States of Pennsylvania to the Committee by the officers of the Bank, in sum will be allowed in the tolls to be paid by furnishing and explaining books—and also by the Board of Directors. The Committee then proceeded to verify the assets, &c., of the statement of December 21, 1840, and they had found it correct. They had considered the amount, omit-la ting the bonus for charter, and one or two other items, which were named to the meeting. They found it difficult and embarrassing to state probable losses on stocks—and also to report on the port stated that under this head, 48 individuals and firms owed upwards of \$20,000 each; 15 up-000 each. In another part it was said that 52 individuals had loans of more than 20,000 each, and that four others had loans amounting to \$560,-000. The totals of the amount of 21st of December were then named—and, as we understood, lest a result of \$14,820,000, to represent \$35,-

000,000 of capital. The relative states of the Bank were then giv-812,000,000, raised in Europe, there was a loss ef more than \$1,000,000, produced mainly by the disadvantageous circumstances under which | 87000 a year as Cashier, and when he was appointed Agent in England, the Bank allowed him \$5000, for loss on the sale of his furniture in this city, and more than \$1000, for the expenses of himself and family in going to London. \$20,000 was named in one place as having been paid to Barings. \$1000 a year had been paid to Mr. Jaudon's brother for his services. The sums for into details, we also understood that the whole sum for foreign Agency and loan expenses in Eu-Bank had borrowed more money in Europe than it had of active debt in America. In one year, 1837—the loans had increased more than \$7,000, 1000-while the discounts had decreased about

\$9,000,000. Several officers of the Bank had engaged in Balance at credit of the Stockholders, large operations with money obtained from the Bank-and large sums had been loaned to specuprietors of the Baltimore Visiter, upon which lations and undertakings by Companies, in which there was no insurance. The book establishment | they had been engaged and large sums lost. Buof the Messrs. Owen was considerably damaged siness men had not been assisted as they should have been. From March, 1835, the power had By gross amount of Active by water from the engines, though all loss was in a great measure passed from the Directors into THE LATE PRESIDENT.
