liancy and cheapness: New York, Merch 23, 1840. DEAR Siz-I received yours of the 19th instant, and proceed, as you request, to inform you that WEBB':3 PATENT LAMP, in my opinion, is much superior to any Lamp now in use—the Camphine produces better light than Gas or Oil. I have burned Oil for five year Oas for eleven, and Webb's Camphine for 20 months. I have a better light in my bar-room with five of Webb's burners than I had in the same room with eleven gas lights. In fact, I light my whole house at less expense with the Camphine than it cost me to light my bar-room alone with gas. I recommend it as

being the cheupest and best light now in use. THOMAS RILEY, Yours respectfully, Fifth Ward Hotel. mb10-tf

MOFFAT'S LIFE PILLS AND VEGETABLE BITTERS.

FETTIE perfectly safe, unerring and successful treatment of a most every species of discuse by the THE OF MOPPAT'S LIPE MEDICINES, is no longer matter of doubt, as a reference to the experience of many thousand patients will satisfacto ily prove. During the present month alone, nearly one hundred cares have come to the knowledge of Mr Moffit, where the patient has, to all appearance, effected a permanent cure by the excinsive and judicious use of the Life Medicines-some eight or ten of there had been considered beyond all hope by their me lical attendants -Buch happy results are a source of seest pleasure Mr. M. and inspire him with new confidence to recommend the use of his medicines to his fellow citizens.

The Life Medicines are a purely VEGETABLE preparation. They are mild and pleasant in their operation, and at the same time thorough-acting rapidly u, on the secretions of the system-carrying off aff actimonious humors, and assimilating with and punifing the blood. For this reason, in aggravated cases of dyspepela, the Life Medicines will give telief in a chorter space of time than any other prescription; in Fever-and ague, inflammation, Fevers of every deseription, Sick beadache, heartburn disziners in the head, paims in the chest, flatulency, impaired appetite, in every disease arising from an imparity of the blood, or a disordered state of the stomach, the use of these medicines has always proved to be beyond doubt greatly superio to any other mode of treatment.

All that Mr. Moffat asks of his patients is to be particular in taking them strictly according to the directions. It is not by a newspaper no ice, or by any thing that he himself may say in their favor, that he hopes to gain credit, it is alone by the results of a fair trial. the reader an invalid, and does liv wish to know whether the life medicines will suit his own case? If so let him call or send to Mr. Moffat's agent in this place, and procure a copy of the Medical Manual, designed as a domestic guide to health, published gratuitously. He will here find enumerated very many cutraordinary cases of cure; and perhaps some exactly similar to his own. Sioffal's medicaloffice in New York, 175 Broad-JAN.
