"Justice" has written very well, but the subject of his choice has been harped upon so often, that we fear it would now be uninteresting.

The "Scene at Sea" by Emily, is very good, but we think it too prolix. H. L. is approved, and shall be attended to in

"Sonnet on Life" by W. G. is approved. A. McC. has been inspired by strange museshe can't write poetry. This, however, is no

that they might yet be improved. Lines by our young and premising poet "Atkinson" are beautiful. We are indebted to him for

P. AUGUSTUS BAILEY, Agent For the Proprietors. The following letter to the Agent, exhibits the superiority of the Camphine over Gas or Oil light, in bril-

liancy and cheapness: New York, Merch 23, 1840. DEAR BIR-I received yours of the 19th instant, and proceed, as you request, to inform you that WEBB's PATENT LAMP, in my epinion, is much superior to any Lamp now in use—the Camphine produces better light than Gas or Oil. I have burned Oil for five years, Gas for eleven, and Webb's Camphine for 20 months. I have a better light in my bar-room with five of Webb's burners than I had in the same room with eleven gas lights. In fact, I light my whole house at less expense with the Camphine than it cost me to light my ber-room alone with gas. I recommend it as being the cheapest and best light now in use. THOMAS RILEY,
