DEAR Sin-I received yours of the 19th instant, and proceed, as you request, to inform you that WEBB'S PATENT LAMP, in my opinion, is much superior to any Beast's now in use—the Camphine produces better light then Gas or Oil. I have burned Oil for five years. Gas for eleven, and Webb's Camphine for 20 menths. have a hetter light in my bar-room with five of Webb's burn ers than I had in the same room with eleven as habts. In fact, I light my whole house at but. less expense with the Camphine than it cost me to light my ber-room alone with gas. I recommend it as being the champest and best light now in use.
