TO THE PUBLIC. MI feel that it is my duty to vindicate myself against the calumates which Philip Price, James Loudon, and George Brown, three colored men, have, in date for the office of BHERIFF, at the ensuing elect assortment of all the various styles of Dress BILKS: their malignity, thought proper to publish against me in the Clipper of last Monday, over the signature of "Two of the Speakers." It is true, as these persons have trated, that I, in connection with a number of others, got up Exhibitions for our mutual improvement and for the benefit and amusement of our acquaintances, and that the expenses of the exhibition were to be paid out of the proceeds of the sale of tickets of admission. These proceeds came into my hands, and are truly stated by my accusers, to have amounted to \$51 10. But the charge that I applied any portion of these receipts to my own use, or that I withheld it from its proper object, is utterly untine, as I fortunately have the means of picying. So far is this from being the case, that I have actually advanced more money for the payment of the expenses of the exhibition than l have received. The following account of the disbuttements made by me will show this, beyond all
