3. The length of the very interesting report the Secretary of the Treasury, published entire on our first page, has compelled us to leave i out aimmber of articles prepared for this day's paper, together with a large number of advertistrients.

TREASURY REPORT. We publish this official decument in extenso, not only because it is the first which has emanated from the present Secretary, but from the conviction that it will be conmidered by our readers an important paper at this particular moment. It shews a deficiency in the treasury of upwards of thirty-one millions of dol--lars, and proposes the levying of certain duties as indispensable to the finances of the country.---The Secretary recommends that the present debt, ensued between Mr. Rousham and Mr. Crawford, says to secure them.
