BALTIMORE CLIPPER.

[Reported for the Baltimore Clipper.]

BALTIMORE CITY COURT.

TUESDAY, JUNE 22, 1841.

Present—Judges Brice, Nisbet and Worthington.

State vs. *John Childers*, indicted for stealing two bonnets and six bottles of Sarsaparilla. The goods were, on the 21st May, purchased and placed on board a vessel bound to Princess Anne, and that they were missed in the morning. The testimony of the watchman who arrested the traverser proved that the goods were found in his possession, and the evidence of the lieutenant of the watch went to establish the fact, that the traverser could give no proper account, when examined, of how he came by the goods. The articles stolen belonged to three different persons, and there were consequently three indictments. The case was given to the Jury without argument, and, in a few minutes, they returned a verdict of *guilty*.

State vs. *Eliza Christopher*, indicted for stealing certain dry goods, the property of Messrs. Hoffman & Wetheral—and also for stealing a quantity of dry goods, the property of John Hines, was placed in the bar. She was tried on the latter charge first, and after a statement by the State's attorney of what he expected to prove, the first witness was called on the part of the State. In the course of his examination Mr. Smith stated that he was the agent of Mr. Hines, but, before the testimony closed, it appeared that he was actually the owner of the store, and could not be considered as agent. The consequence was that the indictment was found to be erroneous, as it charged the goods stolen to have been the property of Hines. The prosecutor, under this state of things, stopped the examination, and handing the indictment to the Jury, directed them that they should return a verdict of *not guilty*, which they accordingly did. As the case will have to be tried over, under a new indictment, we forbear from giving the evidence of Mr. Smith as far as it went.

State vs. *William Hanna*. Indicted for assisting in rescuing a prisoner from the hands of an officer. From the statement of the officer (Mr. Duvall) it appeared that he had an individual in charge who resisted him, and that Hanna interfered, with a view, as the officer supposed, of rescuing the prisoner. From information afterwards received he was satisfied that Hanna had interfered to prevent his being injured by the other, and had no desire to prosecute this case against him. *Not Guilty*

State vs. *Bridget and John Brasim*, charged with assaulting Mrs. Ellen Lambdie. The complainant deposed that, without provocation, the defendants had assaulted her, the woman with a cowhide, and the man with his fist—that the man, after knocking her down, drew a knife upon her. The evidence throughout, however, not exactly sustaining this statement, Bridget was acquitted, and John fined $1 and costs.

State vs. *William Williams*. Indicted for stealing certain lemons, the property of Edward Brown and Wm. Justis. The evidence for the State went to prove the theft, and the Jury found him *Guilty*.

State vs. *John Galloway*. Indicted for a riot. In this case the prosecuting Attorney confessed that there was no evidence to convict him, and that the State acknowledged he was *Not Guilty*.

State vs. *Sarah Burke*. Indicted for keeping a bawdy house, in South Howard-st. The traverser plead *guilty*—the Court held over the sentence for the present.

Elizabeth Merritt and Mary Miller, both indicted for keeping bawdy houses, plead guilty, and submitted to the judgment of the Court. Each fined $10 and costs.

Elizabeth Downs plead *not guilty*. The evidence on the part of the State proved the charge, but that the house was small and no riots ever occurred about it. Fined $10 and costs.

LAST MOMENTS OF MEN OF GENIUS. Rousseau, when dying, ordered his attendants to place him before the window that he might once more behold his garden, and bid adieu to nature. Roscommon uttered, at the moment he expired, two lines of his own version of Diesira. Haller died feeling his pulse, when he felt it almost gone, turning to his brother-[illegible] physician, said "My friend, the artery ceases to beat," and died. Petrarch was found dead in his library, leaning on a book. Bede died in the act of dictating. Herder closed his career writing an ode on the Diety, his pen on the last line. Walter died repeating some lines of Virgil. Tasso's dying request of Cardinal Cynthia was indicative of the gloom which haunted him through life. He had one favor he said, to request of him, which was, that he would collect his works and commit them to the flames, especially his "Jerusalem delivered." Leiboiz was found dead in his chamber with a book in his hand. Clarendon's pen dropped from his fingers when he was seized with the palsy, which terminated his life. Wychberyly, when dying, had his young wife brought to his bedside and having taken her hand, in a very solemn manner said he had but one request to make of her, and that was, that she would never marry an old man again. Heate, a little before he died, when his friend asked how he did, replied in a low voice, "better, my friend, I feel the dasies growing over me."

[COMMUNICATION.]

To the President and Directors of the Baltimore and Ohio Rail Road Company:

This enterprize, when completed, must prove highly advantageous to our city—but until then the stockholders will have received but little remuneration for their outlays. Under those circumstances, would the gentlemen to whom this is addressed not not only find it to their interest, but a mark of courtesy to our citizens, to allow them to go to the city of Washington on the 5th July (fourth coming on Sunday,) at a reduced price and return the same evening. Thousands would avail themselves of the opportunity. The same hint may apply to the Susquehannah and Annapolis Rail Road Companies.

BROTHERS in Life, and in Death not separated. Ransom Cole, aged 24 years, and John Cole, aged 20 years, were drowned at Plainfield, N. H. (Meriden Parish) on the evening of June 6th.—They were brothers, and sons of Mr. Parker Cole. The disaster took place in Smith & Barker's mill pond, into which they went to bathe. John sank, and Ransom went to his assistance and was drawn under by John, and both were dead before assistance could be had.

A SPANISH LOVER. The daughter of a Spanish Grandee, in Spain, having been *smitten* with a humble corporal of the Royal Guards, used her influence with her father to procure for him the rank of a commissioned officer. The modest youth, however, being made acquainted with what was intended for him, replied, "That he felt greatly flattered, but being determined to marry a young servant girl to whom he was much attached, he declined all and every honor intended him."

MEDICAL AID.

THE SUCCESS that has attended the treatment of many thousand cases of Venereal Complaints for twenty-five years past, induces the subscriber to inform the public that he may be seen daily, and consulted on all cases of the kind, recent and chronic, and on diseases of the urinary organs generally—such as Gonorrhœa, Gravel, Gleets, Stictures, &c. His treatment is speedy, safe, and certain—the medicines are so mild that the most delicate may take them without restrictions in diet or occupation. Many persons, who have tried all the lauded quack nostrums of the day, are frequently calling on the subscriber to have the injuries they have sustained by their use relieved. In recent cases a thorough cure will be guaranteed for three dollars. Gonorrhœa Medicines will be furnished at one and two dollars a bottle, according to size, a large one generally cures in a few days. PILLS may be had at a dollar per box. The Vegetable Anti-mercurial CORDIAL is one dollar and fifty cents per bottle—this Medicine is the greatest purifier of the blood in the world. It renews and regenerates old and shattered constitutions, and, it may be said, is literally working wonders. Apply at

MOFFAT'S LIFE PILLS
AND VEGETABLE BITTERS.

THE perfectly safe, unerring and successful treatment of almost every species of disease by the use of MOFFAT'S LIFE MEDICINES, is no longer a matter of doubt, as a reference to the experience of many thousand patients will satisfactorily prove. During the present month alone, nearly one hundred cases have come to the knowledge of Mr. Moffat, where the patient has, to all appearance, effected a permanent cure by the exclusive and judicious use of the Life Medicines—some eight or ten of these had been considered beyond all hope by their medical attendants.—Such happy results are a source of great pleasure to Mr. M. and inspire him with new confidence to recommend the use of his medicines to his fellow citizens.

The Life Medicines are a purely VEGETABLE preparation. They are mild and pleasant in their operation, and at the same time thorough—acting rapidly upon the secretions of the system—carrying off all acrimonious humors, and assimilating with and purifying the blood. For this reason, in aggravated cases of dyspepsia, the Life Medicines will give relief in a shorter space of time than any other prescription; in Fever-and-ague, Inflammation, Fevers of every description, Sick headache, heartburn, dizziness in the head, pains in the chest, flatulency, impaired appetite, in every disease arising from an impurity of the blood, or a disordered state of the stomach, the use of these medicines has always proved to be beyond doubt greatly superior to any other mode of treatment.

All that Mr. Moffat asks of his patients is to be particular in taking them strictly according to the directions. It is not by a newspaper notice, or by any thing that he himself may say in their favor, that he hopes to gain credit, it is alone by the results of a fair trial. Is the reader an invalid, and does he wish to know whether the life medicines will suit his own case? If so let him call or send to Mr. Moffat's agent in this place, and procure a copy of the Medical Manual, designed as a domestic guide to health, published gratuitously. He will here find enumerated very many extraordinary cases of cure; and perhaps some exactly similar to his own. Moffat's medical office in New York, 175 Broadway, and for sale by the Agents. JAS. All those desirous of obtaining a clean, brilliant, and economical light, will find it greatly to their advantage by calling on the subscriber. P. AUGUSTUS BAILEY, Agent
For the Proprietors.

The following letter to the Agent, exhibits the superiority of the Camphine over Gas or Oil light, in brilliancy and cheapness:

New York, March 23, 1840.

DEAR SIR—I received yours of the 19th instant, and proceed, as you request, to inform you that WEBB'S PATENT LAMP, in my opinion, is much superior to any Lamp now in use—the Camphine produces better light than Gas or Oil. I have burned Oil for five years, Gas for eleven, and Webb's Camphine for 20 months. I have a better light in my bar-room with five of Webb's burners than I had in the same room with eleven gas lights. In fact, I light my whole house at less expense with the Camphine than it cost me to light my bar-room alone with gas. I recommend it as being the cheapest and best light now in use.

Yours respectfully, THOMAS RILEY,
mh10-tf Fifth Ward Hotel.

BALTIMORE LOCK DISPENSARY,
No. 17 HARRISON ST.
..."NO CURE NO PAY."

DR. HUNTER'S RED DROP. This long established and highly valuable medicine is now no novelty. It has been before the public for a long time, and by its merits alone, has it risen to a degree of estimation not enjoyed by any other medicine, for the certain cure of the Syphilitic disease. Prompt and effectual in action, yet harmless to the constitution, is its well established character, having never failed to give entire satisfaction in all the many thousand cases, where it has been used as directed.—These absolute and undeniable facts speak trumpet-tongued to the afflicted, and are the basis of a well founded hope of the philanthropist, that this unequalled medicine may circulate far and wide for the benefit of the human race.

This medicine gives the prodigal a chance to repent. Thousands have been saved and radically cured, after suffering under the hands of impostors, by this medicine, and who with grateful hearts are ready to attest to its value, and have allowed themselves to be referred to.

Persons residing at any distance, can have medicine sent to them, packed secure from observation.

It was out of pure motives of philanthropy, that this medicine was first made public; the price always to remain $1 per Bottle, to be within the reach of the most unfortunate.

☞Letters addressed, (post paid) describing the case, mode of living, &c. will be promptly attended to. Direct No. 17 Harrison street.

THE BALTIMORE STEAM-PACKET CO. announce to the public that in accordance with the New Mail Arrangement, the Boats composing their line, viz: ALABAMA, Captain Sutton: GEORGIA, Captain Coffey; and JEWESS, Captain Holmes, will, on and after WEDNESDAY, the 26th of May, leave the lower end of Spear's wharf daily, (Sunday's excepted,) at nine o'clock, A.M. for Norfolk and Portsmouth, Va.

Passengers for Charleston will find the cars of the Portsmouth and Roanoke Rail Road Company, on the wharf, on their arrival at Portsmouth, ready to convey them to Weldon, N. C., where they will always arrive in time to take the cars for Wilmington, from which point to Charleston is by the Steamboat, which leaves Wilmington immediately after the Passengers are delivered from the cars.

Passengers for Richmond, Petersburg, or intermediate points on James River, by leaving Baltimore on Monday, Wednesday, or Friday, will sleep on board the Bay Boat and be transferred to the James River Boat next morning.

The Steamboat Fox leaves the Black Water station on the Portsmouth and Roanoke Rail Road, every Monday, Wednesday, and Friday, on the arrival of the cars from Portsmouth, for Edenton and Plymouth, N. C., and returns every Tuesday, Thursday, and Saturday, delivering her passengers to the cars as they pass down from Weldon, enabling them to arrive in Baltimore next day, (Sundays excepted.)

RETURNING, one of the above Boats will leave Norfolk every night (Saturday being excepted) at 10 o'clock, and cross over to Portsmouth where she will wait the arrival of the Cars from Weldon, and depart for Baltimore as soon as the passengers and baggage are on board, arriving here in about 14 hours after departing from Portsmouth.

Should the Boat get an early start from Portsmouth, Passengers for Philadelphia and New York will have the opportunity of being placed on board the Philadelphia Steamboat in the Patapsco River, and will arrive in Philadelphia the same night by 11 o'clock, after having travelled 360 miles in 20 hours, without as much fatigue as would be incurred in walking from the Hotel to the wharf.

☞No freight will be forwarded on the day it is left, unless it is alongside, prior to 8 o'clock, A.M.
