UNITED STATES DISTRICT COURT.

In this court yesterday, a suit was brought by the United States against James Corner and James I. Corner, as former owners of the brig Eliza Davidson, for the recovery of the penalty attached to the bond given for the return of the registry of said vessel. The vessel, it appears, sailed from this port something like three years since, and has never returned, having been sold during her absence; and having been charged, *since the sale*, with being engaged in the slave trade. The allegation on the part of the United States, if we err not, was that the registry had been sold with the vessel; and it was to recover the amount of the bond usually given in such cases that this suit was brought. No evidence, however, was produced to sustain the case, and a verdict was rendered at once for the defendants.

In the case of the Helen McLeod, the crew of which vessel, our readers will remember, were tried for mutiny, acquitted, and subsequently libelled the vessel for the wages due them, his honor, judge Heath, delivered the opinion of the court yesterday, that they were entitled to recover their wages.

BALTIMORE CITY COURT.

Present—Judges Brice, Nisbet and Worthington.

THURSDAY, June 24. In the case of *Robert Gifford*, sentenced yesterday to a fine of ten dollars and thirty days imprisonment, for being concerned in an assault on Wm. F. Smith, firing a pistol, &c., evidence of the highest respectability was to-day laid before the court to shew his good character heretofore; that his association with bad company at the time of the fracas alluded to, was accidental, and that the awkward position in which that association had placed him would, most likely, be the means of making him more circumspect in future. Upon this testimony the court remitted the imprisonment, upon condition of the payment of the fine and costs.

State vs. *Alexander Ager*, charged with assaulting James Bosley on Tuesday, with an umbrella. Found guilty and fined ten dollars and costs.

State vs. *Andrew Freeburger*. The prisoner in this case stands indicted for manslaughter, in knocking down Francis Walker, who received in the fall a wound on the head, from the effects of which he died. Nearly all the morning was consumed in the effort to obtain a jury, which was only successful after the regular panel was exhausted, and a number of additional talesmen summoned—there being seventeen, we believe, peremptorily challenged; and nearly two-thirds of that number challenged for cause. A jury was at last empannelled, and the witnesses on the part of the State examined. After the close of the testimony on the part of the State, the court adjourned until to-morrow morning at ten o'clock.

PLAGUE IN EGYPT. The plague continued varying at the rate of from 10 to 26 cases per day, and from 5 to 15 deaths. It is now spreading to the Europeans. In the month of April 174 persons were attacked and brought to the hospital, and 220 others died before medical aid could be administered. The Pacha had put his fleet into quarantine, and was prepared to enforce similar regulations with all his other public establishments. Two of the officers of the gun sloops sent by the Pope to bring the alabaster pillars for his new church are ill of the plague at Rosetta, and their physician has already died of it.—Col. Bridgeman has died of inflamation, after an attack of hemorrhoids, while on duty in the mountains of Syria, and was buried at Beyrout on the 26th ult. Col. Ross had succeeded to the command.

MORE FANATICS.—The Buffalo Commercial states that "a train of wagons filled with Mormons, or some similarly infatuated creatures, passed our office this morning on their way to Nauvoo, or some other newly discovered paradise. They did not take shipping, but intend to travel the whole distance, some 800 miles, in their vehicles."

SHIPWRECK AND LOSS OF LIFE.—The New York Commercial of Thursday says:—"Capt. Whitney, of the Br. ship Symmatery, arrived this morning, reports that on the 16th inst. when in lat. 42 37, long. 53 21, he boarded the wreck of the Br. schooner Belvidere, lumber loaded, all her spars carried away, full of water, and some dead bodies were in the cabin.

DEAD BODIES FOUND.—A letter from Iberville, La, under date of the 7th says:—"Some accident must have happened upon the river above, for since Saturday last, six or eight dead bodies have been seen floating in this vicinity, some of which where picked up and buried. They were dressed like steamboat hands."

LARGE SUBSCRIPTIONS. At a meeting of members of the Church of England, held in London on the 6th of April for the purpose of establishing and perpetuating a fund for the promotion of religion in the British colonies, the subscriptions amounted to the large sum of *one hundred and forty thousand dollars*. Of this, the Queen Dowager contributed $10,000, and the weight of the subscription was borne by bishops and noblemen.

DROWNED.—A young man named W. P. Freeman, of Glenn's Falls, N. Y., who arrived at New Bedford on Friday last for the purpose of going on a whaling voyage, was drowned, (accidentally it is supposed) in that harbor on Saturday last.

The Buffalo Commercial says:—"Adj't E. D. Townsend, of the 2d Regiment of Artillery, was held to bail for violently flogging a lad, a musician, attached to the band. The Recorder also held the Adjutant in a heavy sum, to answer a civil suit of $3,000 damages for the assault."

☞The Vicksburg Whig says:—"Charles Humbert, of the firm of Vogh & Humbert, proprietors of the Union Hotel in this city, committed suicide by shooting himself through the head with a pistol on the 11th. We have not heard any cause assigned for the rash act."

The packet ship Independence, which left Liverpool on the 26th ult. arrived at New York on Tuesday last.

☞Lucie, who was wounded in the affray with Gen. Smith's party, died at the Balize on Sunday morning, where he was buried.

The Albany papers announce the death of Samuel S. Lush, a distinguished member of the bar of that city.

Tin ore has been discovered in the town of Jackson, Coos county, N. H.

CASH FOR NEGROES.

THE subscriber being permanently located in this city, is at all times wanting to purchase likely young negroes of both sexes, for which cash and the most liberal prices will be paid. Persons having such to dispose of will find it to their interest to call on me before they sell, as they may rest assured, by doing so they shall obtain their VALUE for them. The subscriber's establishment is located on Harford Avenue, in one of the highest and most healthy parts of the city, having a free circulation of air, and a yard for exercise through the day—must necessarily be more healthy than in the centre of the city, especially in hot weather. Servants will be received for safe keeping, and every attention paid to their comfort and cleanliness, at the low rate of 25 cents per day. Application to be made to me at my office in Calvert-st. Near Market st., one door below Mr. Bloomer's hat store, or at my residence, or to my brother at Whitman's Eagle Hotel, Pratt-st., immediately opposite the Baltimore and Ohio Rail road Depot. CASH FOR NEGROES.

THE HIGHEST PRICES will at all times be given for NEGROES of both sexes, that are slaves for life, and good titles. My office is in PRATT STREET, No. 85, between Sharp and Howard streets, where myself or my Agent, (Mr. J. M. WILSON,) can be seen at all times. All persons, having Negroes to sell, would do well to see me before they dispose of them, as I am always buying and forwarding to the New Orleans market. I will also receive and keep Negroes at twenty-five cents each, per day, and forward them to any Southern port, at the request of the owner. My establishment is large, comfortable and airy, and all above ground; and kept in complete order, with a large yard for exercise; and is the strongest and most splendid building of the kind in the United States. And as the character of my house and yard is so completely established, for strength, comfort and cleanliness, and it being a place where I keep all my own, I will not be accountable, for the future, for any escapes of any kind from my establishment.

MOFFAT'S LIFE PILLS
AND VEGETABLE BITTERS.

THE perfectly safe, unerring and successful treatment of almost every species of disease by the use of MOFFAT'S LIFE MEDICINES, is no longer a matter of doubt, as a reference to the experience of many thousand patients will satisfactorily prove. During the present month alone, nearly one hundred cases have come to the knowledge of Mr. Moffat, where the patient has, to all appearance, effected a permanent cure by the exclusive and judicious use of the Life Medicines—some eight or ten of these had been considered beyond all hope by their medical attendants.—Such happy results are a source of great pleasure to Mr. M. and inspire him with new confidence to recommend the use of his medicines to his fellow-citizens.

The Life Medicines are a purely VEGETABLE preparation. They are mild and pleasant in their operation, and at the same time thorough—acting rapidly upon the secretions of the system—carrying off all acrimonious humors, and assimilating with and purifying the blood. For this reason, in aggravated cases of dyspepsia, the Life Medicines will give relief in a shorter space of time than any other prescription; in Fever-and-ague, Inflammation, Fevers of every description, Sick headache, heartburn, dizziness in the head, pains in the chest, flatulency, impaired appetite, in every disease arising from an impurity of the blood, or a disordered state of the stomach, the use of these medicines has always proved to be beyond doubt greatly superior to any other mode of treatment.

All that Mr. Moffat asks of his patients is to be particular in taking them strictly according to the directions. It is not by a newspaper notice, or by any thing that he himself may say in their favor, that he hopes to gain credit, it is alone by the results of a fair trial. Is the reader an invalid, and does he wish to know whether the life medicines will suit his own case? If so let him call or send to Mr. Moffat's agent in this place, and procure a copy of the Medical Manual, designed as a domestic guide to health, published gratuitously. He will here find enumerated very many extraordinary cases of cure; and perhaps some exactly similar to his own. Moffat's medical office in New York, 175 Broadway, and for sale by the Agents. JAS. The following letter to the Agent, exhibits the superiority of the Camphine over Gas or Oil light, in brilliancy and cheapness:

New York, March 23, 1840.

DEAR SIR—I received yours of the 19th instant, and proceed, as you request, to inform you that WEBB'S PATENT LAMP, in my opinion, is much superior to any Lamp now in use—the Camphine produces better light than Gas or Oil. I have burned Oil for five years, Gas for eleven, and Webb's Camphine for 20 months. I have a better light in my bar-room with five of Webb's burners than I had in the same room with eleven gas lights. In fact, I light my whole house at less expense with the Camphine than it cost me to light my bar-room alone with gas. I recommend it as being the cheapest and best light now in use.

Yours respectfully, THOMAS RILEY,

"NO CURE NO PAY."

DR. HUNTER'S RED DROP. This long established and highly valuable medicine is now no novelty. It has been before the public for a long time, and by its merits alone, has it risen to a degree of estimation not enjoyed by any other medicine, for the certain cure of the Syphilitic disease. Prompt and effectual in action, yet harmless to the constitution, is its well established character, having never failed to give entire satisfaction in all the many thousand cases, where it has been used as directed.—These absolute and undeniable facts speak trumpet-tongued to the afflicted, and are the basis of a well founded hope of the philanthropist, that this unequalled medicine may circulate far and wide for the benefit of the human race.

This medicine gives the prodigal a chance to repent. Thousands have been saved and radically cured, after suffering under the hands of impostors, by this medicine, and who with grateful hearts are ready to attest to its value, and have allowed themselves to be referred to.

Persons residing at any distance, can have medicine sent to them, packed secure from observation.

It was out of pure motives of philanthropy, that this medicine was first made public; the price always to remain $1 per Bottle, to be within the reach of the most unfortunate.

☞Letters addressed, (post paid) describing the case, mode of living, &c. will be promptly attended to. Direct No. 17 Harrison street.

Passengers for Richmond, Petersburg, or intermediate points on James River, by leaving Baltimore on Monday, Wednesday, or Friday, will sleep on board the Bay Boat and be transferred to the James River Boat next morning.

The Steamboat Fox leaves the Black Water station on the Portsmouth and Roanoke Rail Road, every Monday, Wednesday, and Friday, on the arrival of the cars from Portsmouth, for Edenton and Plymouth, N. C., and returns every Tuesday, Thursday, and Saturday, delivering her passengers to the cars as they pass down from Weldon, enabling them to arrive in Baltimore next day, (Sundays excepted.)

RETURNING, one of the above Boats will leave Norfolk every night (Saturday being excepted) at 10 o'clock, and cross over to Portsmouth where she will wait the arrival of the Cars from Weldon, and depart for Baltimore as soon as the passengers and baggage are on board, arriving here in about 14 hours after departing from Portsmouth.

Should the Boat get an early start from Portsmouth, Passengers for Philadelphia and New York will have the opportunity of being placed on board the Philadelphia Steamboat in the Patapsco River, and will arrive in Philadelphia the same night by 11 o'clock, after having travelled 300 miles in 20 hours, without as much fatigue as would be incurred in walking from the Hotel to the wharf.

☞No freight will be forwarded on the day it is left unless it is alongside, prior to 8 o'clock, A.M.
