FOR SALE AT No. 109 E. BALTIMORE STREET, between South and Calvert streets, where Burners of every description can be obtained. Those who are desirous to see the safety of CAMPHIRE OIL, or to be perfectly satisfied by examining the opinion of Professor Locke, of the University of Cambridge, or by referring to the Journals of the Franklin and American Institutes, of Philadelphia and New York. All these decisions of obtaining a clean, brilliant, and economical light, will find it greatly to their advantage by calling on the subscriber. The public may be assured of one fact, that we require no meters to ascertain the amount of Camphire consumed, as they register correctly and in plain English.

ASTRAL LAMPS ALTERED. N. B. We have appointed JOSEPH ATKINSON, Agent, No. 23 Market street, F. P. where all orders will meet with immediate attention.

The following letter to the Agent, exhibits the superiority of the Camphire over Gas or Oil light, in brilliancy and cheapness: New York, March 22, 1840.

DEAR SIR—I received yours of the 19th instant, and proceed as you request, to inform you that WEBB'S PATENT LAMP, in my opinion, is much superior to any Lamp now in use—the Camphire produces better light than Gas or Oil. I have burned Oil for five years, Gas for eleven, and Webb's Camphire for 20 months. I have a better light in my bar-room with five of Webb's lamps than I had in the same room with eleven gas lights. In fact, I light my whole house at less expense with the Camphire than it cost me to light my bar-room alone with gas. I recommend it as being the cheapest and best light now in use.

Yours respectfully, THOMAS BAILEY, Fish Ward Hotel.
