BALTIMORE CLIPPER.

[Reported for the Baltimore Clipper.]

BALTIMORE CITY COURT.

Present—Judges Brice, Nisbet and Worthington.

MONDAY, JUNE 28, 1841. *State vs. Eliza Christopher*, indicted for stealing certain laces, &c., the property of John G. Smith. The traverser plead not guilty. A jury was empannelled, and the witnesses called on the part of the state and the defence. By the time the examination of the last witnesses for the defence was concluded, the hour of three had arrived, and the court adjourned until ten o'clock to-morrow morning. Of course we refrain from publishing the evidence until the case goes to the jury, before whom it will be argued to-morrow.

DEATH OF DR. ABERCROMBIE. The Rev. Dr. Abercrombie died at his residence in Philadelphia, on Saturday evening. This aged and venerable divine, says the Inquirer, has for a long time been unable to discharge the public duties of his sacred office, and has been of late chiefly confined to the house. In addition to the veneration and respect due to Doctor Abercrombie as a clergyman of piety, learning and great eloquence, he will long be remembered as a faithful and eminently successful teacher of youth.

Dr. Abercrombie was for many years one of the associated pastors of Christ Church, St. James and St. Peters.

ACCIDENT. A serious accident occurred in Morristown, N. J., on Friday, while persons were engaged in taking down an old church with a view of erecting a larger building in its place, for the Methodist Society. The whole structure fell in, and buried beneath its ruins Mr. James Nutman, (builder) of Newark, and Loammi Moore, Esq. They were with much difficulty taken from the ruins, the former much injured, the latter (Mr. Moore) has since died. Two or three other persons escaped almost by miracle. Mr. Moore was sixty-five years old, and an officer in the Presbyterian Church.

MARRYING IN AND MARRYING OUT. The St. Louis Argus tells the following. It is characteristic and by no means bad. 'A blunt, worthy farmer had six daughters. A young man of equal frankness, came to him and asked permission to address one of them. The farmer replied, do you wish to marry *in* or marry *out*, for I have about as many now as my hearth will hold. I wish to marry out, sir, was the reply. Then take one said the farmer, but mind you, no picking and choosing; *take them as they came into the world.*"

FROM NASSAU. A letter dated June 16, states that "the American ship 'Gardner H. Wright,' Oliver Cotts, master, from Aux Cayes, St. Domingo, bound to New York, arrived here on Saturday last, in distress, having struck a reef at Henagua. Some of our wrecking vessels which were near having gone to her assistance, she was got off, and proceeded to this port, she however, we believe, will not require to undergo much repair, the injury received by her not being so material as to occasion her unloading."

A WAGON LADEN WITH GOLD. A French paper says, that on the 26th of April, a covered wagon passed through Rennes, laden with four millions in gold, being a consignment from Hayti, for the indemnity to the former planters. It is said that in this sum, which is almost exclusively composed of foreign coin, there is a pretty considerable number of French gold pieces of the reign of Louis XIII. and Louis XIV.

CROPS IN DAUPHIN. The Harrisburg Reporter says, "the hay crop of this neighborhood, if ever the sun shines sufficiently to cure it, will be large. The wheat and rye crops are comparatively light. The oats, corn and potatoe crops promise an abundant yield, and take matters as they are, our farmers are in very good humor with the prospect for the incoming harvest.

A cotton mill near Hamburg, S. C. was struck by lightning. The building sustained considerable injury. The above had a Zinc roof, contrary to a late statement in the papers that metallic roofs are a protection from lightning and do not need conductors.

STEAMBOAT LOST. The N. O. Bulletin of the 21st. states that the steamer Clarkesville was snagged and sunk at Walker's Plantation, in the Cumberland river. Boat and cargo a total loss—all on board saved.

INFANTICIDE. A colored woman living near St. Louis, took three of her children, and threw them into a well one after the other. They were all drowned. She afterwards threw herself into the Mississippi river and was drowned.

BOAT UPSET. A boat containing 19 persons was upset on the Delaware river on Saturday afternoon last, when two of the party were drowned. The boat was capsized in consequence of a swell produced by the steamboat.

FRAUD. We learn that a fraud to a great extent was committed on Saturday, upon two New York houses. Rumor says that it was effected by false checks, and to the extent of more than $30,000.

It is stated that the loss sustained by the Bank of England, on discounting acceptances, amounting to forty millions sterling, does not exceed twopence halfpenny per cent.

NOMINATION. The Democrats of Maine have nominated John Fairfield as their candidate for Governor at the next election.

☞A nephew of the celebrated Oliver Goldsmith, aged 73, is said to be living in great penury in Westminster.

FATHER MATHEW, it is stated, in a recent progress through Ireland, made 2000 proselytes, while changing horses at Athboy.

☞The number of Christians in China is estimated at 300,000.

CASH FOR NEGROES.

THE subscriber being permanently located in this city, is at all times wanting to purchase likely young negroes of both sexes, for which cash and the most liberal prices will be paid. Persons having such to dispose of will find it to their interest to call on me before they sell, as they may rest assured, by doing so they shall obtain their VALUE for them. The subscriber's establishment is located on Harford Avenue, in one of the highest and most healthy parts of the city, having a free circulation of air, and a yard for exercise through the day—must necessarily be more healthy than in the centre of the city, especially in hot weather. Servants will be received for safe keeping, and every attention paid to their comfort and cleanliness, at the low rate of 25 cents per day. Application to be made to me at my office in Calvert-st. Near Market-st., one door below Mr. Bloomer's hat store, or at my residence, or to my brother at Whitman's Eagle Hotel, Pratt-st., immediately opposite the Baltimore and Ohio Rail road Depot. JAMES F. PURVIS.

☞All communications promptly attended to.

CASH FOR NEGROES.

THE HIGHEST PRICES will at all times be given for NEGROES of both sexes, that are slaves for life, and good titles. My office is in PRATT STREET, No. 85, between Sharp and Howard streets, where myself or my Agent, (Mr. J. M. WILSON,) can be seen at all times. All persons, having Negroes to sell, would do well to see me before they dispose of them, as I am always buying and forwarding to the New Orleans market. I will also receive and keep Negroes at twenty-five cents each, per day, and forward them to any Southern port, at the request of the owner. My establishment is large, comfortable and airy, and all above ground; and kept in complete order, with a large yard for exercise; and is the strongest and most splendid building of the kind in the United States. And as the character of my house and yard is so completely established, for strength, comfort and cleanliness, and it being a place where I keep all my own, I will not be accountable, for the future, for any escapes of any kind from my establishment.

MOFFAT'S LIFE PILLS
AND VEGETABLE BITTERS.

THE perfectly safe, unerring and successful treatment of almost every species of disease by the use of MOFFAT'S LIFE MEDICINES, is no longer a matter of doubt, as a reference to the experience of many thousand patients will satisfactorily prove. During the present month alone, nearly one hundred cases have come to the knowledge of Mr. Moffat, where the patient has, to all appearance, effected a permanent cure by the exclusive and judicious use of the Life Medicines—some eight or ten of these had been considered beyond all hope by their medical attendants.—Such happy results are a source of great pleasure to Mr. M. and inspire him with new confidence to recommend the use of his medicines to his fellow citizens.

The Life Medicines are a purely VEGETABLE preparation. They are mild and pleasant in their operation, and at the same time thorough—acting rapidly upon the secretions of the system—carrying off all acrimonious humors, and assimilating with and purifying the blood. For this reason, in aggravated cases of dyspepsia, the Life Medicines will give relief in a shorter space of time than any other prescription; in Fever-and-ague, Inflammation, Fevers of every description, Sick headache, heartburn, dizziness in the head, pains in the chest, flatulency, impaired appetite, in every disease arising from an impurity of the blood, or a disordered state of the stomach, the use of these medicines has always proved to be beyond doubt greatly superior to any other mode of treatment.

All that Mr. Moffat asks of his patients is to be particular in taking them strictly according to the directions. It is not by a newspaper notice, or by any thing that he himself may say in their favor, that he hopes to gain credit, it is alone by the results of a fair trial. Is the reader an invalid, and does he wish to know whether the life medicines will suit his own case? If so let him call or send to Mr. Moffat's agent in this place, and procure a copy of the Medical Manual, designed as a domestic guide to health, published gratuitously. He will here find enumerated very many extraordinary cases of cures and perhaps some exactly similar to his own. Moffat's medical office in New York, 175 Broadway, and for sale by the Agents. JAS. BOOZ,

WEBB'S PATENT BURNERS,
AND CAMPHINE OIL.

FOR SALE AT No. 109 E. BALTIMORE STREET, between South and Calvert streets, where Burners of every description can be obtained. Those who are *sceptical* as to its *safety* or *economy*, would, I trust be perfectly satisfied by examining the opinion of Professor LOCK, of Ohio, on "WEBB'S CAMPHINE," or by referring to the Journals of the Franklin and American Institutes, of Philadelphia and New York. All those desirous of obtaining a clean, brilliant, and economical light, will find it greatly to their advantage by calling on the subscriber. The public may be assured of one fact, that we require no meters to ascertain the amount of Camphine consumed, as they register correctly and in plain English.

☞ASTRAL LAMPS ALTERED.

P. AUGUSTUS BAILEY, Agent
For the Proprietors.

The following letter to the Agent, exhibits the superiority of the Camphine over Gas or Oil light, in brilliancy and cheapness:

New York, March 23, 1840.

DEAR SIR—I received yours of the 19th instant, and proceed, as you request, to inform you that WEBB'S PATENT LAMP, in my opinion, is much superior to any Lamp now in use—the Camphine produces better light than Gas or Oil. I have burned Oil for five years, Gas for eleven, and Webb's Camphine for 20 months. I have a better light in my bar-room with five of Webb's burners than I had in the same room with eleven gas lights. In fact, I light my whole house at less expense with the Camphine than it cost me to light my bar-room alone with gas. I recommend it as being the cheapest and best light now in use.

Yours respectfully, THOMAS RILEY,
mh10-tf Fifth Ward Hotel.

BALTIMORE LOCK DISPENSARY,

"NO CURE NO PAY."

DR. HUNTER'S RED DROP. This long established and highly valuable medicine is now no novelty. It has been before the public for a long time, and by its merits alone, has it risen to a degree of estimation not enjoyed by any other medicine, for the certain cure of the Syphillitic disease. Prompt and effectual in action, yet harmless to the constitution, is its well established character, having never failed to give entire satisfaction in all the many thousand cases, where it has been used as directed.—These absolute and undeniable facts speak trumpet-tongued to the afflicted, and are the basis of a well founded hope of the philanthropist, that this unequalled medicine may circulate far and wide for the benefit of the human race.

This medicine gives the prodigal a chance to repent. Thousands have been saved and radically cured, after suffering under the hands of impostors, by this medicine, and who with grateful hearts are ready to attest to its value, and have allowed themselves to be referred to.

Persons residing at any distance, can have medicine sent to them, packed secure from observation.

It was out of pure motives of philanthropy, that this medicine was first made public; the price always to remain $1 per Bottle, to be within the reach of the most unfortunate.

☞Letters addressed, (post paid) describing the case, mode of living, &c. will be promptly attended to. Direct No. 17 Harrison street.
