BANKING.

U. S. 7:30 LOAN.

The Secretary of the Treasury gives notice that subscriptions will be received for Coupon Treasury Notes, payable three years from Aug. 15th, 1864, with semi-annual interest at the rate of seven and three-tenths per cent. per annum—principal and interest both to be paid in lawful money.

These notes will be convertible at the option of the holder at maturity, into six per cent. gold bearing bonds, payable not less than five nor more than twenty years from their date, as the Government may elect. They will be issued in denominations of $50, $100, $500, $1,000 and $5,000, and all subscriptions must be for fifty dollars, or some multiple of fifty dollars.

As the notes draw interest from August 15, persons making deposits subsequent to that date must pay the interest accrued from date of note to date of deposit.

Parties depositing twenty-five thousand dollars and upwards for these notes at any one time will be allowed a commission of one quarter of one per cent.

SPECIAL ADVANTAGES OF THIS LOAN

It is a National Savings Bank, offering a higher rate of interest than any other, and *the best security.* Any savings bank which pays its depositors in U. S. Notes considers that it is paying in the best circulating medium of the country, and it *cannot* pay in anything better, for its own assets are either in Government securities or in notes or bonds payable in Government paper.

Convertible into a Six per cent. 5-20 Gold Bond.

In addition to the very liberal interest on the notes for three years, this privilege of conversion is now worth about three per cent. per annum, for the current rate for 5-20 Bonds is not less than *nine per cent. premium*, and before the war the premium on six per cent. U. S. stocks was over twenty per cent. It will be seen that the actual profit on this loan, at the present market rate, is not less than ten per cent. per annum.

Its Exemption from State or Municipal Taxation.

But aside from all the advantages we have enumerated, a special Act of Congress *exempts all bonds and Treasury notes from local taxation.* On the average, this exemption is worth about two per cent. per annum, according to the rate of taxation in various parts of the country.

It is believed that no securities offer so great inducements to lenders as those issued by the government. In all other forms of indebtedness, the faith or ability of private parties, or stock companies, or separate communities, only, is pledged for payment, while the whole property of the country is held to secure the discharge of all the obligations of the United States.

Subscriptions will be received by the Treasurer of the United States, at Washington, the several Assistant Treasurers and designated Depositaries, and by the

FIRST NATIONAL BANK OF BALTIMORE, MD.
SECOND NATIONAL BANK OF BALTIMORE, MD.

and by all National Banks which are depositaries of public money, and

ALL RESPECTABLE BANKS AND BANKERS

throughout the country will give further information and AFFORD EVERY FACILITY TO SUBSCRIBERS.

STATE OF MARYLAND,
EXECUTIVE DEPARTMENT.

To the Sheriffs of the Several Counties of the State and of the City of Baltimore:

Whereas, By an Act of the General Assembly of Maryland, passed at January session, in the year eighteen hundred and sixty-four, entitled "An act to provide for the taking of the sense of the people upon the call of a Convention to frame a new Constitution and form of government for this State, to provide for the election of delegates to said Convention, and the ascertaining thereof" it was among other things enacted that the Constitution which might be framed by said Convention should be submitted to the legal and qualified voters of the State for their adoption or rejection, at such time, in such manner and subject to such rules and regulations as said Convention should prescribe;" and—

Whereas, The said Convention assembled in conformity to said act, and did adopt a new Constitution, in which they provided that for the purpose of ascertaining the sense of the people of this State in regard to the adoption or rejection of said Constitution an election should be held in the city of Baltimore on the TWELFTH DAY OF OCTOBER, in the year 1864, and in the several counties of this State on the Twelfth and Thirteenth days of the same month, and did direct that the Governor should issue his Proclamation to the Sheriffs of the said city and counties, directing them to give the usual notice of said election.

Therefore, you are hereby commanded to give notice, in the manner now prescribed by law, that an election will be held in the city of Baltimore on the TWELFTH DAY OF OCTOBER NEXT, and in the several Counties of the State, on the Twelfth and Thirteenth days of October next, at the usual places of holding elections in said City and Counties, for the adoption or rejection of said Constitution by ballot, in the manner by said Constitution provided, which election shall be held as aforesaid between the hours of EIGHT O'CLOCK A. M. and FIVE O'CLOCK P. M., on the day or days so respectively appointed for said City and Counties, and the Judges of Election "shall receive at said election the votes only of such electors as are qualified according to the provisions of said Constitution."

If proposals are made by a firm, the names of all the parties must appear, or the individual who signed the bid will be held responsible for the fulfilment of the contract if his proposal is accepted, and will be required to furnish the above specified guaranty.

The usual form of guaranty must accompany each proposal, and parties to whom awards are made must be prepared to execute contracts at once, and to give bonds equal in amount to one-half the sum to be received on the contract signed by the contractor and both of his gurantors.

Satisfactory evidence of the loyalty and solvency of each bidder and person offered as security will be required. The responsibility of the guarantors must be shown by the official certificate of the Clerk of the nearest District Court, or of the United States District Attorney.

If any bidder to whom an award may be made refuses to enter into contract agreeably with the terms of this advertisement, or who after signing the contract and bond, shall neglect or refuse to execute the same, within the time prescribed, as well in quality as in quantity, then the Commissary shall have the right to supply such deficiency, by purchase in open market, charging such delinquent bidder or contractor with the advance paid over the bid or contract.

Proposals from disloyal parties will not be considered, nor will awards be made to any person or persons who have heretofore failed to fulfill their agreements or contracts with the Government.

Bidders must be present at the opening of their bids, to respond to their names.

The Hay to be delivered either in Washington or Alexandria, in bales properly secured, free of all cost of transportation or handling.

All Hay contracted for under this advertisement will be rigidly inspected, and such as does not prove of a good merchantable quality will be rejected. The Hay will be paid for in such funds as the Government may have on hand to disburse upon the completion of the contract, or as soon thereafter as the proper officer shall be in funds

Delivery of the Hay to commence within fifteen (15) days from the date of the contract, and to be completed by the 1st day of November, 1864.

A UNION PAPER,

PUBLISHED BY

WILLIAM WALES,

AT 134 BALTIMORE STREET.

to recognize no "peace" but that which is base upon the unconditional submission of those who have involved the land in bloodshed upon false pretexts, the *Clipper*, will be devoted to the cause of

ONE CENT!

It is for all who desire to see such a paper made useful to this community especially, to give to it an

If sufficiently encouraged in the enterprize, the new proprietor proposes to himself to expend upon the paper whatever is needed to improve and render it one of the very LARGEST AND

and with the Union men of the State thus advised of his purposes, he will await their action in the premises.
