## U. S. 7:30 LOAN.

The Secretary of the Treasury gives notice that subscriptions will be received for Coupon Treasury Notes, payable three years from Aug. of seven and three-tenths per cent. per annumprincipal and interest both to be paid in lawful Mrs. Candour. money.

These notes will be convertible at the option of the holder at maturity, into six per cent. gold bearing bonds, payable not less than five nor more than twenty years from their date, as the Goverament may elect. They will be issued in de. Fanchon. mominations of \$50, \$100, \$500, \$1,000 and \$5,000. and all subscriptions must be for fifty dollars, or some multiple of fifty dollars.

As the notes draw interest from August 15, persons making deposits subsequent to that date RIVERS AND DERIOUS' must pay the interest accrued from date of note to date of deposit.

Parties depositing twenty-five thousand doilars and upwards for these notes at any one time will i be allowed a commission of one quarter of one per cent.

SPECIAL ADVANTABES OF THIS LOAN IT IS A NATIONAL BAVINGS BANK, offering and higher rate of interest than any other, and the best security. Any strings bank which pays its depositors in U. S. Notes considers that it is paying in the Lest circulating medium of the couniry, and it cannot pay in anything better, for its cwn assets are either in Government securities or in notes or bonds payable in Government pa-

Convertible into a Bix per cent. 5-20 Gold Bond.

In addition to the very liberal interest on the notes for three years, this privilege of conversion is now worth about three per cent. per annum, for the current rate for 5-20 Bonds is not less | week, commencing on than nineper cent. premium, and before the war the premium on six per cent. U. S. stocks was over twenty per cent. It will be seen that the actual profit on this loan, at the present market rate, is not less than ten per cent. per annum.

Its Exemption from State or Municipal Taxation.

But aside from all the advantages we have enumerated, a special Act of Congress exempts all bonds and Treasury notes from local taxation. On the average, this exemption is worth about two | ture, Versels in Port, Merchandise and other preper cent. per annum, according to the rate of taxation in various parts of the country.

It is believed that no securities offer so great inducements to lenders as those issued by the government. In all other forms of indebtedness, the faith or ability of private parties, or stock companies, or separate communities, only, is pledged for payment, while the whole property of the country is held to secure the discharge of all the obligations of the United States.

SUBSCRIPTIONS WILL BE RECEIVED by the Treasurer of the United States, at Washington, the several Assistant Treasurers and designated Depositaries, and by the

FIRST NATIONAL BANK OF BALTIMORE, MD. BECOND NATIONAL BANK OF BALTIMORE, MD.

and by all National Banks which are depositaries of pulic money, and ALL RESPECTABLE BANKS AND BANKERS throughout the country will give further information and AFFORD EVERY FACILITY TO SUB-SCRIBERS. selv-dkW2w
