TO THE JUDGES OF ELEC- MEETING OF EXECUTIVE COMMITTEE OF THE It is well known that there is a conspiracy to secure the rebel to'e of the city for Mr. Chapman. The plan contemplated involves the fail-No Quarter to Trailors-No Compromise use of the Judges of Elec:lon on their refusal to Proclamation of the Governor, which requires that the oath prescribed in the Constitution should be administered to every person effering to vote at the election. The Constitution requires the Judges not

merely to administer that outh, but to certify on every person who was allowed to vote, and it di- more which assembled at Rechabite Hall on the rec s the Governor to exclude from the count all 23d day of June, 18c4, and the said Convention votes not so certified. to require that oath they cannot certify that they | all orders, resolutions, and calls of the Ward have administered it; and the result must be that | Committee or Convention respectively, and none |

No one doubts that if it be thrown cut, the Constitution will be defeated. No greater crime, therefore, can be committed. duty of the Judges to administer that oath in its very words to every voter, and to certify that it has been taken by every voter.

"the object of this refusal to require that oath. is to secure the votes of disloyal men for Mr. Chapman. To effect this, Mr. Chapman is endeavoring get the Judges of Election to have two ballotboxes—one for the voters on the Constitution, and

one for the ballots for Mayor But this is diagraptly illegal; for the law authorizes only one ballot-box for the received and one for the rejected ballots.

I tributed between the ballot boxes.

Nor is the difficulty avoided by the Judge asking the voter whether he votes on the Constituhas a right to open any ballot. The voter has a right to keep his own secret on the question whether he voted at all on the Constitution or at all on the Mayoraity, or on any city officer, and | then ine ball it-box for accepted vote a any | its results the augusty of a grand triumph at the tween the two boxes without violating the right

Nay, more, the declaration of the voter is no ground on which the Judge has a right to act: for he has a right to his secret and may see fit to answer untruly, as he has a right to refuse to answer at all an illegal question.

It is then plain that two ballot boxes are not legal; that they can answer no honest purpose: that the discrimination attempted is impossible without violating the secresy of the ballot; an that if the oath be not administered to aunote either, bailets for the Constitution Mayor put into the Mayoral y hox must be to the Constitution, or votes against the Constitution and for Mayor, must be talsely counted and falsely certified against the Constitution.

Thus legal votes be thus lost for the Constitution, or illegal votes against it, must be falsely certified if there he any attempt to hold two elections; when the law provides for only one, such concuct is a great crime crime against the people | who cannot or will not take the cath prescribed and the lake.
