American Watches for Soldiers.

American Watches for Americans. The American Watch Company give notice that in consequence of extensive additions to their factory buildings and working power, they are now more nearly able than heretofore, to supply the demand for their products. They beg to call esspecial attention to their chespest Watch, the "Wm. Ellear," which they have expressly designed for the use of soldiers and others who OFFICE ON THE NORTHEAST | desire a good watch at a moderate price. This watch is intended to displace the worthless cheep the country is tilled, and which, being watches in appearance only, are used altogether for jockey-

For the same cause, the cheapest qualities of foreign make, the worthless ancres and Leplacs which flood the country, have nearly risen to the price at which the American Watch Company furnish their well-known "WEL Ellery" watch-a watch of the most substantial manufacture, and an accurate and durable time-
