No Officer or Soldier should go to the front to encounter the dangers of Missma and unwholesome water without a package or two of there powders. They are put up in airlight metallic coverings, occupy little space, and can be taken in a tumbler of water. The prescription has been proved of the highest effeacy on the Chagres toute, in Mexsco, Central America, and elsewhere, the haunt of these oftentimes fatal diseases of the bowris. It is the remedy of an eminent medical practitioner who has had an extensive experience as Surgeon on the Panama Steamship line, where he had the worst cases of California fever and dysentery to deal with, and it can be relied on by all as a specific, when tried on the most delicate child or the adult, where the printed directions accompanying it are faithfully fol-

TO THE PUBLIC This efficacious, scientific, and curative Dreparation, is now for the first time, at the Ergent selicitation of many person at triends Who have experienced its good effects in Dri-Tate practice, confidently effered to the public, after baying been the means of curing within the last seven years, at least 8.000 cases of these often fa al diseases, many of them on crowded passenger ships and steamships, of which the olecorprer was Surgeon, tossed about by the Ocean's swell. which is one cause of the great fatality at. tending these diseases on shipboard. It has also been used more particularly in the mines of Australia as well as California. also in several parts of South America, Cen. tral America, and Mexico, and in various parts of the world, by one of the proprietors who travelled on account of his health. which was much impaired by his campaign in the American army in Mexico. It is well known that the terrible scource Dysentery, sweeps into hurriedly made graves many thousand angually, and that It is not confined in its ravages to any part of our globe, but ranger at large remerse. lessly, tutting down, in spile of the best meet. cal aid called to relieve it, the tender infant as well as the aged and trembling admit in all Variations of climate. In view of these facts, and the atter failure of the usual means used in many instances to relieve the afflicted, the attention of a Physician and Surgeon in our Army in Mexico, who barely survived from the exects of the Camp Distemper or Army Diarrage. and who had previously, as well as since. unequalled asperlence in Tropical disease. was called to the above complaints, and the result is, the introduction to the public of the "Tropical Dysentery Remedy," which, after one trial by those afticted, will make itself favorably known; and if taken, and the accompanying directions strictly forlowed, a speedy cure will be efected With there few remarks, it is now confi. dently offered to the public, who can rely that not one-half its merits, thus far can be BROWN, as those relieved by it for the last seven years, were individuals of all civilixed nations and climes, subjected to treptcal influences on their way to the lands of

gold, from the hardy mariner to the ener. getic traveller, as well as soldier, many of whom, as is well known, barely surrived to reach their homes at the close of the war with Mexico, with himself, but who have been gratefully astonished at its effects under its administration by him. Throwing ande all "old triver whims and duct." and the arriquated Tampenipe which has always prevailed in regard to there fatal diseases, the proprietors in conclusion would charge those who would not save their loved ones, when prostrated in consequence of these diseases, to give it a trial according to the simple directions, and no physician will ever be needed in the above named dangerous diseases; one small package often relieving many sufferers. TO MASTERS OF SHIPS .- To those who "Jo business on the great waters," it will especially be found invaluable, and no Shipmaster should fail to take it on leaving port, as it was on the seamore especially, "mid storm and strife" of the elements, its virtues were dist more thoroughly made known and abundantly tested by a Ship Sargeon, and that too, while in the West Indies, where it is usually more fatal and rapid in its course. than in more temperate climates.
