WHAT IS TO BE THE LOT OF THE COLORED RACE IN MARYLAND!

According to the late census returns, we | well as by ourselves. hal-in round numbers-in the State of Maryland, some one hundred and sixty-five mary consideration, the word improvement Diaryland, some one munitum means and of the colored man as dependent on his thousand of the colored race—bond and of the colored man as dependent on his when we say their present stock of clothing ployed, viz: specific gravity, burning, the free; the division in point of numbers being traits sullable and that one with the good and cannot be excelled. We commend this firm ree; the division in point of many that the truly dulightened, but one view of the tothe favorable notice of all who may want may be deemed necessary. very nearly equal. And possess portion case. Ignorance is beyond all question goods in their line. They sell at small proof this population excited the most lively solicitude—not to say positive anxiety— recognized in the statistics of every assolest they might exert a bad influence on ciation for the improvement of society the interests of the State—lest they could set on foot in modern times. And with lung disease, arising from colds, in an incredibly Engineer at noston, Mass. not be properly controlled; and this feeling of anxiety was carried to that degree, ryland, the enlightened and controlling long standing, with absolute certainty. We say that it was deemed best by some of our majority, may as well face up to the nepeople, to have the free negroes expatriated or even ensisted, as the best policy should do all that is possible consistent Try it, and if not convinced of the above declars of the cellar or warehouse of the con- Queene Anne's country, State of Maryland, and or even ensisted, as the best policy should do all that is possible consistent Try it, and if not convinced of the above declars of the cellar or warehouse of the center of the cellar or warehouse of the con- Queene Anne's country, State of Maryland, and or even ensisted, as the best policy should do all that is possible consistent Try it, and if not convinced of the above declars. for all concerned.

tent of a most marvellous, a most tremendons revolution since that time. We have now not only the eighty odd thousand free blacks to deal with, but as may fairly be !. supposed, we have at least one-half-possibly two-thirds-of the remainder made tree, and added to them, making in all one fact thus exhibited is a most formidable one, looked at in any light we choose to view it, and as there is no evidence that they intend to leave us, one of the most interesting questions arises, that can occur in political economy, as well as in many other aspects of the case-What is to be ! their lot in the future amongst us?

Now let all remember that as an axiom i theories of modern philanthropists, that this people is inferior to the white race. -And all should remember who propose to dispute this conclusion, that we are not bound to give them a higher standing, in any respect, than the best advocate of their own race-Fred. Douglas himself. assumes for them. When he endeavors with all his force to impress such a truth upon them, as the condition precedent to their taking a step in advance, let all ar gument from any one else to prove the was liked all the better, and the race have) contrary cease; and with the more reason, the shrewdness to know this that without that stern and controlling fact conceded in the outset, no effective
