THE BALTIMORE WEEKLY CLIPPER, THE CHEAPEST NEWSPAPER IN THE STATE.

The undersigned would call the attention of all desirous of having a good Weekly Journal to the

BALTIMORE WEEKLY CLIPPER,

one of the largest and cheapest Papers published in this or any other State.

At a time like the present, when every one is anxious to be thoroughly posted as to the events of the war, and when almost every arrival from abroad brings some new and startling revelation in regard to the condition of European Governments, no person who wishes to keep up with these events should be without the means of doing so.

CHEAPNESS,

when everything else almost has advanced in price more than one hundred per cent., is also a great requisite; and so it is, that notwithstanding the high price of paper and other printing materials, the undersigned proposes to furnish the

WEEKLY CLIPPER

at the low price of

$1.50 PER YEAR.

Let those who need such a paper, remember that for this comparatively small amount, they are furnished

THIRTY-TWO COLUMNS

of closely printed matter per week—that this comprises DOMESTIC AND FOREIGN NEWS, LITERARY, SCIENTIFIC AND AGRICULTURAL ARTICLES, information concerning the MARKETS, the FINANCES, EDITORIALS ON CURRENT TOPICS, ETC., and all given in a clear impression and on good paper, not excelled by any issue of the same class in the whole country.

To accomplish the enterprize, however, and to do the undersigned and his subscribers full justice, he must have

PROMPT PAY;

and therefore no paper will be sent from the Office but what is

PAID FOR IN ADVANCE,

and this without respect to persons. All papers not thus paid for will have to be promptly discontinued as soon as the advance payment expires. Without the adoption, rigidly, of the CASH SYSTEM, the proprietor would be unable to carry forward the enterprize; and therefore, all will see the necessity of complying with the terms set forth who desire to see a good Union paper freely circulate in the State.

Let the friends of the paper in the country, recollect also that a

WEEKLY "PRICE CURRENT,"

accurate and reliable, will be amongst the matters furnished, something which *alone* would justify them in investing the small amount required for one year.

The aim of the new Proprietor is to furnish a First rate

FAMILY AND BUSINESS PAPER,

embracing whatever may be *interesting, amusing* and *instructive*: and he hopes, therefore, that the subscription list of the *Weekly Clipper* will not fall behind any.

Subscriptions must be remitted in

UNITED STATES NOTES.

Postmasters and others sending ten subscriptions, will be furnished one copy gratis.

WM. WALKS,
Editor and Proprietor.

STATE OF MARYLAND,
OFFICE OF THE SECRETARY OF STATE,
ANNAPOLIS, Dec. 1, 1864.

TO ALL WHOM IT MAY CONCERN.

Notice is hereby given, that application has been made to the Governor for a pardon in the case of the State vs. JACOB PEACOCK, convicted in the Circuit Court for Baltimore county, at March Term, 1857, on record from Baltimore city, of breaking at night, and sentenced to the Penitentiary for 11 years and 5 months. The Governor will take up the case for final decision on or after TUESDAY, the 20th day of December, until which time protests against the said application will be heard, and the petition in the case open to inspection at the decision of the Governor.

By order of the Governor.

WM. B. HILL,
d7-aawiw Secretary of State.

MEDICAL.

ARMY DYSENTERY.

THE GREAT REMEDY FOR

Army Dysentery,

CAN BE CARRIED in the POCKET-BOOK AND AS A TIMELY RESOURCE IN DISEASE IS UNEQUALLED.

No Officer or Soldier should go to the front to encounter the dangers of Miasma and unwholesome water without a package or two of these powders. They are put up in strong metallic coverings, occupy little space, and can be taken in a tumbler of water. The prescription has been proved of the highest efficacy on the Chagres route, in Mexico, Central America, and elsewhere, the haunt of these oftentimes fatal diseases of the bowels. It is the remedy of an eminent medical practitioner who has had an extensive practice in hospitals on the Panama Steamship line, where he had the worst cases of California fever and dysentery to deal with, and it can be relied on by all as a *specific*, when tried on the most delicate child or the adult, where the printed directions accompanying it are faithfully followed. It is known as

DR. F. J. AGRIMONT'S

TROPICAL DYSENTERY REMEDY,

for the prompt and decided cure of

DYSENTERY AND DIARRHŒA,

(either recent or chronic), Cholera, Cholera Morbus or looseness of the Bowels, Summer Complaint of Children, and Bilious Cholic. Put up in small air-tight Packages, which will keep in all climates for any length of time.

TO THE PUBLIC

This efficacious, scientific, and curative preparation, is now for the first time, at the urgent solicitation of many person at friends who have experienced its good effects in private practice, confidently offered to the public, after having been the means of curing within the last seven years, at least 8,000 cases of these often fatal diseases, many of them on crowded passenger ships and steamships, of which the discoverer was Surgeon, tossed about by the Ocean's swell, which is one cause of the great fatality attending these diseases on shipboard. It has also been used more particularly in the mines of Australia as well as California, and other parts of South America Central America, and Mexico, and in various parts of the world, by one of the proprietors who travelled on account of his health, which was much impaired by his campaign in the American army in Mexico.

It is well known that the terrible scourge Dysentery, sweeps into hurriedly made graves its thousand annually, and that it is not confined in its ravages to any part of our globe, but ranges at large remorselessly, cutting down, *in spite of the best medical skill failed to relieve it*, the tender infant as well as the aged and trembling adult in all variations of climate.

In view of these facts, and the *utter failure* of the usual means used in many instances to relieve the afflicted, the attention of a Physician and Surgeon in the Army in Mexico, who barely survived from the effects of the Camp Distemper or Army Diarrhœa, and who had previously, as well as since, much better experience of typhoidal diseases, was called to the above compilation, and the result is, the introduction to the public of the "Tropical Dysentery Remedy," which, after one trial by those afflicted, will make itself favorably known; and if these and the accompanying directions strictly followed, a speedy cure will be effected

With a few remarks, it is now confidently offered to the public, so that no one can rely that not one-half its merits, thus far can be known, as those relieved by it for the last seven years, were individuals of all civilized nations and climes, and under all typical influences on their way to the lands of gold, from the hardy mariner to the energetic traveller, as well as soldier, many of whom, as well known, are daily seen to resort to it to reach their homes at the close of the war with Mexico, with himself, but who have been gratefully astonished at its effects under the above administration by him.

Throwing aside all *"old wives' whims and follies,"* and the ANTIQUATED TAMPERING which has always prevailed in regard to these fatal diseases, the proprietors in conclusion would charge those who would not save their loved ones, when prostrated in consequence of these diseases, to give it a trial according to the *simple directions* and no physician will ever be needed in the above named dangerous diseases; one small package often relieving many sufferers.

TO MASTERS OF SHIPS.—To those who "do business on the great waters," it will especially be found invaluable, as no Ship-master should fail to take it on leaving port, as it was on the seas more especially, "mid storm and strife" of the elements, its virtues were first more thoroughly made known and abundantly tested by a Ship Surgeon, and that too, while in the West Indies, where it is usually more fatal and rapid in its course than in more temperate climates. The motion of the ship also, from its peculiarity, always aggravating the symptoms, and before naming the boat well known efforts to relieve the patient, in the above diseases

☞ The powders will find, from its compact form in which the powders are put up, that they can be carried in the pocket, or with their wardrobe, without the slightest injury. When required, are taken in cold water. No hotel proprietor, or Country Merchant, should be without this justly celebrated remedy, as many opportunities present themselves in the Summer and Autumn where speedy and certain relief is required by their patrons.

TESTIMONIALS.

An examination of the following testimonials is earnestly invited: they do not purport to have been written in Missouri, Kansas, or some out of the way place, but are from some of the most influential and well known citizens residing in our midst, who can be found and will personally testify to the extraordinary effects of the Tropical Dysentery Remedy.

SIR—Your remedy I do not hesitate to say, from my own experience and that of my family, surpasses in its curative effects, especially of children, all I have ever known. And the success which has attended its exhibition in private practice, I cheerfully testify to, from my own personal experience, and regret as many others have done, to learn that you had not earlier made the public acquainted with it as I have often urged you to do, for I have no doubt in Dysentery many valuable lives thereby might thereby have been saved by it.

Respectfully yours,
RUFUS CLAGETT,
Attorney and Counsellor at Law,
No. 16 Wall street.

CROTON POINT, Westchester Co., N. Y., April 6, 1865.

ESTEEMED FRIEND—I take pleasure in testifying to the very beneficial effects of your medicine in my family.

A case of Dysentery occurred during the summer of 1863, by which the patient was reduced very low, and although the usual well known remedies for Dysentery were administered, continued to grow worse; but who was completely and effectually restored by the use of your remedy prepared for that complaint.

Subsequently an infant child was attacked with Summer Complaint during the hot months, which run its course unabated, despite all the medicines and nursing of a Physician and Surgeon in our Army in Mexico, who barely survived from the effects of the Camp Distemper or Army Diarrhœa, and who had previously, as well as since, much better experience of typhoidal diseases, was called to the above compilation, and the result is, the introduction to the public of the "Tropical Dysentery Remedy," which, after one trial by those afflicted, will make itself favorably known; and if these and the accompanying directions strictly followed, a speedy cure will be effected

With a few remarks, it is now confidently offered to the public, so that no one can rely that not one-half its merits, thus far can be known, as those relieved by it for the last seven years, were individuals of all civilized nations and climes, and under all typical influences on their way to the lands of gold, from the hardy mariner to the energetic traveller, as well as soldier, many of whom, as well known, are daily seen to resort to it to reach their homes at the close of the war with Mexico, with himself, but who have been gratefully astonished at its effects under the above administration by him.

NEW YORK, May 17, 1865.

SIR—The medicine called the "Tropical Dysentery Remedy," as used by the deceased, who was for six months Physician to Tammany Hotel, I know to be all that is above enumerated, while it were numerous in our house in 1853, from the number of Californians stopping with us, it in every instance at once relieved, to the satisfaction of ourselves and those afflicted, saving many lives.

Proprietors of Tammany Hall Hotel.

Single Packages 50 Cents.

Agent, SETH S. HANCE,
de1-1y 108 Baltimore street.

BROOKLYN, Sept. 1863.

While confined to my bed in consequence of a very severe attack of Dysentery, a friend administered a dose or two of your Remedy. The relief was immediate. I advise all my friends not to be without it, and I know while I have it, with the directions, a Physician need never be called in that usually troublesome and often fatal disease.

Respectfully, yours,
JAMES ROBERTSON,
135 Court street, Brooklyn.

BROOKLYN, July 1863.

DEAR SIR—I was taken with a severe attack of Dysentery, and could get no relief from the best advice I could obtain, but accidentally I heard of your medicine. I took it and obtained immediate relief; rode out on the island, and through my own influence in the neighborhood got 6 more to purchase, which was again relieved by the medicine; and I am happy to add, was permanently cured.

JOHN WILSON,
Skillman st., near Myrtle Ave.

EAST BROOKLYN, L. I., June 1862.

DEAR SIR—The effects of your medicine and mode of treatment in Dysentery, Diarrhœa, &c., I have witnessed with pleasure and astonishment in my own family—the first dose was prompt, decided, and effectual in a few hours; and I am happy to acknowledge, that in my humble opinion, if your medicine is administered, and the directions followed, that a cure would be effected in every instance, in a disease usually fatal in the hands of many able physicians. It is equally safe and as prompt in the hands of the child, as well as adult. We would not be without it.

Respectfully yours,
JOHN JAY WOOD.

DEAR SIR—The small package of your "Tropical Dysentery Remedy," placed by you in the hands of a friend, a short time previous to your sailing for Australia, absolutely performed wonders; during many of my friends as well as several members of my family, who were attacked at different times in the course of the Summer with Dysentery, Diarrhœa, etc., and I can truthfully state, for the benefit of those who may be similarly afflicted, that it surpasses in its certainty of relief, any medicine I have ever known in practice by medical men.

Yours truly,
CLARKSON UNDERHILL,
Corner Bedford and Park Avenues,
Brooklyn, L. I.

NEW YORK, May 17, 1865.

It has also been used more particularly in the mines of Australia as well as California, and other parts of South America Central America, and Mexico, and in various parts of the world, by one of the proprietors who travelled on account of his health, which was much impaired by his campaign in the American army in Mexico.

It is well known that the terrible scourge Dysentery, sweeps into hurriedly made graves its thousand annually, and that it is not confined in its ravages to any part of our globe, but ranges at large remorselessly, cutting down, *in spite of the best medical skill failed to relieve it*, the tender infant as well as the aged and trembling adult in all variations of climate.

In view of these facts, and the *utter failure* of the usual means used in many instances to relieve the afflicted, the attention of a Physician and Surgeon in the Army in Mexico, who barely survived from the effects of the Camp Distemper or Army Diarrhœa, and who had previously, as well as since, much better experience of typhoidal diseases, was called to the above compilation, and the result is, the introduction to the public of the "Tropical Dysentery Remedy," which, after one trial by those afflicted, will make itself favorably known; and if these and the accompanying directions strictly followed, a speedy cure will be effected

With a few remarks, it is now confidently offered to the public, so that no one can rely that not one-half its merits, thus far can be known, as those relieved by it for the last seven years, were individuals of all civilized nations and climes, and under all typical influences on their way to the lands of gold, from the hardy mariner to the energetic traveller, as well as soldier, many of whom, as well known, are daily seen to resort to it to reach their homes at the close of the war with Mexico, with himself, but who have been gratefully astonished at its effects under the above administration by him.

Throwing aside all *"old wives' whims and follies,"* and the ANTIQUATED TAMPERING which has always prevailed in regard to these fatal diseases, the proprietors in conclusion would charge those who would not save their loved ones, when prostrated in consequence of these diseases, to give it a trial according to the *simple directions* and no physician will ever be needed in the above named dangerous diseases; one small package often relieving many sufferers.

TO MASTERS OF SHIPS.—To those who "do business on the great waters," it will especially be found invaluable, as no Ship-master should fail to take it on leaving port, as it was on the seas more especially, "mid storm and strife" of the elements, its virtues were first more thoroughly made known and abundantly tested by a Ship Surgeon, and that too, while in the West Indies, where it is usually more fatal and rapid in its course than in more temperate climates. The motion of the ship also, from its peculiarity, always aggravating the symptoms, and before naming the boat well known efforts to relieve the patient, in the above diseases

☞ The powders will find, from its compact form in which the powders are put up, that they can be carried in the pocket, or with their wardrobe, without the slightest injury. When required, are taken in cold water. No hotel proprietor, or Country Merchant, should be without this justly celebrated remedy, as many opportunities present themselves in the Summer and Autumn where speedy and certain relief is required by their patrons.

TESTIMONIALS.

An examination of the following testimonials is earnestly invited: they do not purport to have been written in Missouri, Kansas, or some out of the way place, but are from some of the most influential and well known citizens residing in our midst, who can be found and will personally testify to the extraordinary effects of the Tropical Dysentery Remedy.

SIR—Your remedy I do not hesitate to say, from my own experience and that of my family, surpasses in its curative effects, especially of children, all I have ever known. And the success which has attended its exhibition in private practice, I cheerfully testify to, from my own personal experience, and regret as many others have done, to learn that you had not earlier made the public acquainted with it as I have often urged you to do, for I have no doubt in Dysentery many valuable lives thereby might thereby have been saved by it.

Respectfully yours,
RUFUS CLAGETT,
Attorney and Counsellor at Law,
No. 16 Wall street.

CROTON POINT, Westchester Co., N. Y., April 6, 1865.

ESTEEMED FRIEND—I take pleasure in testifying to the very beneficial effects of your medicine in my family.

A case of Dysentery occurred during the summer of 1863, by which the patient was reduced very low, and although the usual well known remedies for Dysentery were administered, continued to grow worse; but who was completely and effectually restored by the use of your remedy prepared for that complaint.

Subsequently an infant child was attacked with Summer Complaint during the hot months, which run its course unabated, despite all the medicines and nursing of a Physician and Surgeon in our Army in Mexico, who barely survived from the effects of the Camp Distemper or Army Diarrhœa, and who had previously, as well as since, much better experience of typhoidal diseases, was called to the above compilation, and the result is, the introduction to the public of the "Tropical Dysentery Remedy," which, after one trial by those afflicted, will make itself favorably known; and if these and the accompanying directions strictly followed, a speedy cure will be effected
