HAIR DER!-Betchelor's Helr Dye value the last year to more than \$45,000,000, while that of the Californ's mines for the year 1:63, according to the San Francisco Mercantile Gazette, amounted to about \$44,000,000.

Extract from a subsequent report of Prof. B. 2 liman, Professor of General and Applied Chemistry in Yale College.] SAW FRANCISCO, CAL., Sept. 1st, 166-Warranted to cure any case of cough, throat or THE PETROLEUM WELLS-OR NATURAL OUTCROPS OF ROCK OIL ON THE

OJAI BANCH.

No. 1 is a well 30 feet in diameter, full of tarry oil, boiling with the escape of marsh gas. It is situated in the midst of a gentle slope, farming , part of a terrace or plain, elevated at least 1,000 feet above the sea. This plain, which is about cas and a quarter miles long by three-feurths of a mile wide, appears to have been formed by the I long accumulation of asphaltum, from the evacration of the evertion of this great oil-spring. Complete Clothing Hotel.-We take The depth of this great mass of asphaltum is, of great pleasure in calling the attention of our | course, a matter of conjecture, as no explorations readers to the conspictions advertisement of have been made upon it; but it is probably safe Messrs. Smith, Bros. & Co., No. 46 West Bal. to estimate its contents on a mile square at one | COATS, English and French Welking Coats of IMPORTERS OF PIPES, SNUFF BOXES, when we say helr present stock of clothing | lies cubic yards of fuel, from which a good cuke every style and price, is readily prepared, or which is even capable, by distillation, of yielding a large return of oil. Over this area there are several minor points of tarry on thew, but we consider the whole as one great oil-spring. The present contents of the ment of spring are foul with the decomposition of numerous cattle mired and drowned in the petroleuman accident of frequent occurrence in dry seasons. when the half-famished and thirsty animals; tom Work. wander to browse, or drink the sulphurous water, along the margins of these dangerous places,

In the description of the great spring, marked Mc. I on the map, it is stated that the deposit of is welter o remrel eff mort faculorq mulladors : this spring is probably one yard thick over one mile square, expressly stating, however, that the thickness (ant the area) of the deposit is

TASHEZZII CARDY. HASKEKSH CANDY.

Ma. WM. H. BRAD:

Door Bit-I wish to taken you by this writing that I have been suffering with Asthma in Ita weest form for 30 years, spending within that time hundreds of elempiese nights in the most sufering manner. Lvesthing failed to give te-Hef until I obtained a box of HASHKESH CAN-DY, which proved the most wenderful curstive erency I ever used, relieving me immediately whenever attacked by the clarate. Often I have been so severely attacked that I could with great difficulty breathe at all, and was incapable of lythe down at hight, having such terrible smoth ering sensations. - Medical men of all schools hiled to afford the least relief. Wilhout much hope I reserted to this wonderful Unndy in Janmary, 1964, ever since which time I have alent rithout the least trouble by using some whenever threatened by an attack, and am thanking that our he remedy is to be found. I recommend
