THE BALTIMORE
WEEKLY CLIPPER,
THE CHEAPEST NEWSPAPER
IN THE STATE.
The undersigned would call the attention of all desirous of having a good Weekly Journal to the
BALTIMORE WEEKLY CLIPPER,
one of the largest and cheapest Papers published in this or any other State.
At a time like the present, when every one is anxious to be thoroughly posted as to the events of the war, and when almost every arrival from abroad brings some new and startling revelation in regard to the condition of European Governments, no person who wishes to keep up with these events should be without the means of doing so.
CHEAPNESS,
when everything else almost has advanced in price more than one hundred per cent., is also a great requisite, and so it is, that notwithstanding the high price of paper and other printing materials, the undersigned proposes to furnish the
WEEKLY CLIPPER
at the low price of
$1.50 PER YEAR.
Let those who need such a paper, remember that for this comparatively small amount, they are furnished
THIRTY-TWO COLUMNS
of closely printed matter per week—that this comprises DOMESTIC AND FOREIGN NEWS, LITERARY, SCIENTIFIC AND AGRICULTURAL ARTICLES, information concerning the MARKETS, the FINANCES, EDITORIALS ON CURRENT TOPICS, ETC., and all given in a clear impression and on good paper, not excelled by any issue of the same class in the whole country.
To accomplish the enterprise, however, and to do the undersigned and his subscribers full justice, he must have
PROMPT PAY;
and therefore no paper will be sent from the Office but what is
PAID FOR IN ADVANCE,
and this without respect to persons. All papers not thus paid for will have to be promptly discontinued as soon as the advance payment expires. Without the adoption, rigidly, of the CASH SYSTEM, the proprietor would be unable to carry forward the enterprise; and therefore, all will see the necessity of complying with the terms set forth who desire to see a good Union paper freely circulate in the State.
Let the friends of the paper in the country, recollect also that a
WEEKLY "PRICE CURRENT,"
accurate and reliable, will be amongst the matters furnished, something which alone would justify them in inserting the small amount required for one year.
The aim of the new Proprietor is to furnish a First rate
FAMILY AND BUSINESS PAPER,
embracing whatever may be *interesting, amusing and instructive*; and he hopes, therefore, that the subscription list of the *Weekly Clipper* will not fall behind any.
Subscriptions must be remitted in
UNITED STATES NOTES.
Postmasters and others sending in subscriptions, will be furnished one copy gratis.

MEDICAL.

ARMY DYSENTERY.
THE GREAT REMEDY FOR
Army Dysentery,
CAN BE CARRIED in the POCKET-BOOK AND AS A TIMELY RESOURCE IN DISEASE IS UNEQUALLED.
No Officer or Soldier should go to the front to encounter the dangers of Miasma and unwholesome water without a package or two of these powders. They are put up in air-tight metallic coverings, occupy little space, and can be taken in a tumbler of water—The prescription has been proved of the highest efficacy on the Chagres route, in Mexico, Central America, and elsewhere, the haunt of those pestilence fatal diseases of the bowels. It is the remedy of an eminent medical practitioner who has had an extensive experience as surgeon on the Panama Steamship line, where he had the worst cases of California fever and dysentery to deal with, and it can be relied on by all as a *specific*, when tried on the most delicate child or the adult, where the printed directions accompanying it are faithfully followed. It is known as
DR. F. J. AGRIMONT'S
TROPICAL DYSENTERY REMEDY,
for the prompt and decided cure of
DYSENTERY AND DIARRHŒA,
(either recent or chronic). Cholera, Cholera Morbus or looseness of the Bowels, Summer Complaint of Children, and Painful Cholic. Put up in small air tight Packages, which will keep in all climates for any length of time.
TO THE PUBLIC
This efficacious, scientific, and curative preparation, is now for the first time, at the urgent solicitation of many personal friends who have experienced its good effects in private practice, confidently offered to the public, after having been the means of curing within the last seven years, at least 6,000 cases of these often fatal diseases, many of them on crowded passenger ships and steamships, of which the discoverer was Surgeon, tossed about by the ocean swell, which is of course of the great fatality attending these diseases on shipboard. It has also been used more particularly in the mines of Australia as well as California, and on the coasts of South America Central America, and Mexico, and in various parts of the world, by one of the proprietors who travelled on account of his health, which was much impaired by a campaign in the American army in Mexico.
It is well known that the terrible scourge Dysentery, sweeps into horridedly made graves many thousand annually, and that it is not confined in its ravages to any part of our globe, but ranges at large promiscuously, cutting down, *in spite of the best medical aid* extant to relieve the sufferer as speedily as those old and trembling adepts in all variations of climate.
In view of these facts, and the *utter failure* of the usual means used in such cases, and to relieve the afflicted, the attention of a Physician and Surgeon in our army in Mexico, who has very surprised from the effects of the damp Dysentery of Army Barracks, and who had previously, by his unsurpassable experience in Tropical diseases, was called to the above complaints, and the result is, the introduction to the public of the "Tropical Dysentery Remedy," which, after original trial by those afflicted, will make itself favorably known; and if taken, and the accompanying directions strictly followed, a speedy cure will be the result.
With the few remarks, it is now confidently offered to the public, who can rely that not one half its merits, that can be known, as those relieved by it, for the last seven years, were individuals of all civilized nations and climes, subjected to tropical influences on their way to the lands of gold, from the hardy mariner to the energetic traveller as well as soldier, many of whom, as is well known, barely survived to reach their homes at the close of the war with Mexico, with himself, but to have been greatly benefited by the effects under his administration by him.
Throwing aside all "*old wives' tales and fables*," and the ASTRINGENT TRASHY which are daily advertised and forced to the fatal diseases, the proprietors in conclusion would charge those who would not save their loved ones, when prostrated in consequence of the above diseases, to be particular to the *simple directions* and no physician will ever be needed in the above named dangerous diseases; one small package often relieving many sufferers.
TO MASTERS OF SHIPS.—To those who "do business on the ocean wave," it will be peculiarly to be found invaluable and no Shipmasters should fail to take it on leaving ports, it was on the sea more especially, "mid storm and strife" of the element, that its merits were first more thoroughly made known and abundantly tested by a Ship Surgeon, and that too, while in the West Indies, where it is usually more fatal than in the temperate climates. The motion of the ship also, from its observation, always aggravating the symptoms, and therefore selling the best well known efforts to relieve, are resorted to in the above diseases.
☞ Travellers will find, from the compact form in which the powders are put up, that they can be carried in the pocket, or with their wardrobe, and by every sufferer, if water required, are taken in cold water.
No hotel proprietor, or Country Merchant, should be without this justly celebrated remedy, as many cases will occur where a dose will instantly relieve the most violent attack, and will personally testify to the extraordinary effects of the Tropical Dysentery Remedy.
SIR.—Your remedy I do not hesitate to say, from my own experience and that of my family, surpasses in its curative effects, all medicines for Bowel Complaints, (especially of children,) I have ever known. And the success which has attended its exhibition in private practice, I cheerfully testify to, from my own personal experience, and regret as many others have to my knowledge, that you had not earlier made the public acquainted with it as I have often urged you to do, for I have no doubt in Dysentery many valuable lives thereby might thereby have been saved by it.
Respectfully yours,

CROTON POINT, Westchester Co., N. Y.,

ESTEEMED FRIEND—I take pleasure in testifying to the very beneficial effects of your medicine in my family.
A case of Dysentery occurred during the summer of 1863, by which the patient was reduced very low and although the usual well known remedies were promptly administered, continued to grow worse, but who was completely and effectually restored by the use of your remedy prepared for that complaint.
Subsequently an infant child was attacked with Summer Complaint during the hot months, which ran its course unabated, despite all medicines used by our physicians, for six or eight weeks. There seemed no hope of recovery until your remedy was procured and administered, when an improvement was immediately noticed, and a permanent cure was effected.
Very truly yours,
RICHARD D. TALCOTT.

BROOKLYN, Sept. 1st.
While confined to my bed in consequence of a very severe attack of Dysentery, a friend administered a dose or two of your Remedy. Respectfully yours,

BROOKLYN, July 1st.
DEAR SIR—I was taken with a severe attack of Dysentery, as I could get no relief from the physician I could obtain, mistakenly I heard of your medicine. I sent and obtained one bottle, which relieved me in less than twenty-four hours, and in three days brought on a severe case, which was soon relieved by the remedy, and I am happy to add, was permanently cured.

EAST FREDONIA, L. I., June 1st.
DEAR SIR—The effects of your medicine and mode of treatment in Dysentery, are beyond my own fondest hopes. The relief was prompt, decided, and effectual in all its parts, and I am happy to say to you, that in my humble opinion, if your directions are followed, that a cure would be effected in every instance, in a disease usually fatal in the hands of many able physicians. It is a boon to mankind, and a precious gift to the afflicted, where speedy and certain relief is required by their patrons.

TESTIMONIALS.
An examination of the following testimonials is earnestly requested; they do not pertain to what have been written in Missouri, Kansas, or some out of the way place, but are from some of the most influential and well known citizens residing in our midst, who have experienced its good effects in private practice, confidently offered to the public, after having been the means of curing within the last seven years, at least 6,000 cases of these often fatal diseases, many of them on crowded passenger ships and steamships, of which the discoverer was Surgeon, tossed about by the ocean swell, which is of course of the great fatality attending these diseases on shipboard. COUGH SYRUP.
COUGH SYRUP.
COUGH SYRUP.
W. H. READ'S COMPOUND SYRUP OF LIVERWORT, for the cure of Coughs, Colds, Croups, Asthma, Hoarseness, Bronchitis and Incipient Consumption.
This is one of the most certain and effectual cures now in use, as has been proved by all who have given it a fair and impartial trial. There is no class of disease that is more dangerous than a neglected cough has been the precursor of long years of suffering, and many a Coffin and Grave has received the victim, who, by a timely use of Liverwort, might have been saved. Many a *neglected cough* which you now look to lightly, and remember that a little expended upon some good Cough Remedy may preserve your life.
Certificates from the following named gentlemen fail to impress the public mind with the value of this truly valuable remedy:
From REV. JAS. H. BROWN, Member of Asbury Conference.
This certifies that I have used W. H. Read's Cough Pectoral syrup with the most happy effects, and recommend it as a most valuable medicine. JAS. H. BROWN.

From REV. ANDREW MANSHIP, Member of Philadelphia Conference.
W. H. READ—DEAR SIR—I have used your Syrup of Liverwort; it was of great service to my throat, and relieved me of a heavy cold. I can recommend it to clergymen and public speakers.
ANDREW MANSHIP.

From REV. WM. W. HICKS, late Missionary from India.
Mr. Wm. H. Read, Sir:
I cheerfully recommend your Syrup to all persons afflicted with Coughs or Hoarseness, as a certain cure.
The Compound Syrup of Liverwort may truly be called the sufferer's friend.
WM. W. HICKS.

℞ AYER'S CHERRY PECTORAL,
for the rapid cure of COUGHS, COLDS, INFLUENZA, HOARSENESS, CROUP, BRONCHITIS, INCIPIENT CONSUMPTION, and for the relief of CONSUMPTIVE patients in advanced stages of the disease.
Few medicines are so universally required as this, and few are the cases of pulmonary complaint in any section of country abounding in changes, in which some of its varieties will not be found useful. Its power over every change of temperature is unfailing, and when taken in season, and where its use is persisted in, the most distressing and dangerous affections of the pulmonary organs may be speedily subdued. While many inferior remedies are daily advertised, this is gaining friends and reputation, and has established, in every community, a degree of confidence in its virtues, which the trials of many years have failed to impair. Clergymen, Physicians, Statesmen, and eminent personages, have lent their names to certify the unparalleled usefulness of our remedies, but space here will not permit the insertion of them. The agents below named, furnish gratis our AMERICAN ALMANAC in which they are given, with also full descriptions of the complaints they cure.
Those who require an *alterative medicine* to purify the blood, will find AYER'S COMPOUND EXTRACT SARSAPARILLA the remedy to use. Try it once, and you will know its value.
Prepared by J. C. AYER & CO., Lowell Mass. and sold by all Druggists. d1-d&wtm
