The old Democracy—it must be recollected-had sustained themselves and kept in receipt of the loaves and fishes in times past only by the help of-or by a close alliance with the Democracy of the South. When these latter failed them and went off on a new quest, in the endeavor to build Lest Night but two up a Government where the growing power of free votes should not interfere with their hold on the honors and spoils of office, the Northern Democracy were effectually left out in the cold. Choked off from the public crib by the advent of the Republican party, and too proud and ! with two little patriotism to go over to it, their hopes of getting back to power were all concentrated on a restoration of matters to as near as possible the old status, and it has taken therefore nearly four years of the taunts and insults rained; upon them by the rebel press and politicians, to convince them of their fatal error. Until recently, they have been down on their knees to the rebel chiefs to beg! them to come back into "the Union as it was"-to acknowledge the "Constitution as it was." They are undeceived, at last, and although late in the field, and with only a selfish purpose in view whilst attempting to gain a reputation for something like patriotism, yet the very change of front of these late allies of traitors, is a

compliment to the true Union sentiment

of the land, which will not be without a

good effect.

To comprehend fully the tremendous mistake which has been made by the old Hunker Democracy in opposing the war, , in brawling for concessions to treason, we have only to reflect upon the opportunities forever lost by them, making a character for patriotism such as the war has up to this time afforded. Its events are i stamped in indelible characters on the minds and hearts of the people, and are engraved upon the page of Listory, to stay there whilst the country has a name. MEDICAL. CLEASSE THE BLOOD. With corrupt, disordered or vittated Blood, you are sick all fover. It may barst cat in Pimples, or Sores, or in some active disease, or it may merely keep you listless, depressed and good for nothing. But you cannot have health while your blood is impure .--AYER'S BARSAPARILLA purges out these impurities, and stimulates the organs of life into vigorous action, restoring the health and expelling disease. Hence it rapidly cures a variety of complaints which are caused by impurity of the blood, such as Scrofula, or King's Evil, Tumors, Ulcers, Sores, Eruptione, Pimples, Blotches, Bolls, St. Anthony's Fire, Rose or Erysipelas, Tet-

COUGH SYRUP.

W. H. READ'S COMPOUND STRUP OF LIVERWORE, for the cure of Covers. COLDS, CROUPS, ASTRMA, HOARSENESS, BROS-This SYRUP is one of the most certain and effectual cures now in use, as has been proved by all who have given it a fair and impartial trial. There is no class of disease that is more neglected than this; and yet there is none that more certainly and anrely undermines health. Many a neglected Cough has been but the precursor of long years of suffering; and many a Cold that has been rermitted to run ile course, has hurried its victim into the premature grave of the Con sumptive. Every one knows that we bu utter the truth when we say that a very little care and attention of fret would have warded off that dreadful handmaid of death-(onsumption-from many a one who is now lingering beneath its tortures. Be careful then now you neglect that Cough or Cold upon which you now look so lightly, and remember that a trifle expended upon some good Cough Remedy may preserve your life.
