PROCEEDINGS OF CONGRESS.

38th Congress—2d Session.

WASHINGTON, Feb. 9, 1865.

SENATE.—The Secretary read a letter from Gen. Wheeler, of the engineering bureau, asking advice from the Senate relative to the Ohio Canal.

On motion of Mr. Foot the Hon. Lafayette Clark was chosen President pro tempore of the Senate, and took the chair.

A message was received from the President in reply to a resolution of the 12th ult. requesting information relative to the present condition of affairs in Mexico, and relative to all correspondence which may have taken place between the Government of the United States and the Government of Mexico, which it is said induced the latter to withdraw all of her forces from San Francisco to the Rio Grande at Acapulco. The President submits the correspondence applicable to the case, and says that he has no information leading him to suppose that the withdrawal of the troops from San Francisco was for the purpose of concentrating them on the Rio Grande for the purpose of making war upon the United States.

Mr. Sumner called up the resolution of inquiry relative to the withdrawal of the troops from Mexico, and Mr. Seward replied that the correspondence had been sent from San Francisco, in reply to which the President had communicated the substance of such orders to the United States Commissioner at San Francisco as he deemed applicable to the existing state of affairs.

By further correspondence Mr. Rosecrans will, the Secretary of State states, be ordered from San Francisco on or about the 15th August for Acapulco, and the Hon. Romero has given an explanation that the Mexican forces in Sonora, which have been under the command of Gen. Garcia, have been withdrawn from the Rio Grande, and that the Mexican Government has no intention to make war upon the United States.

Mr. Seward, in reply to the 10th of January, says that no answer will be taken as speedily as practicable to the letter of the Minister to England on the same subject by the Treasury Department to the authorities of San Francisco, to prevent the transhipment to which Mr. Romero has alluded.

The communication was ordered to lie on the table.

Mr. Morgan presented the memorial of citizens of New York, praying for a passage of the pending Pacific Railroad bill. Also, the petition of the New York Chamber of Commerce, urging the speedy adjustment of equitable terms of compensation under the Panama Railroad contract, and the establishment of a monthly and semi-monthly line of steamers between San Francisco and China. Also, praying the passage of the bill to encourage the building of iron steamships for the purpose of commerce and mail purposes.

Mr. Wilson, of the Military Committee, reported back the bill for the better organization of the Pay Department of the army.

A message was received from the President in reply to a resolution of the 12th ult. requesting information relative to the present condition of affairs in Mexico, and relative to all correspondence which may have taken place between the Government of the United States and the Government of Mexico, which it is said induced the latter to withdraw all of her forces from San Francisco to the Rio Grande at Acapulco.
