THE ASSASSINS ESCAPE

ASSASSIBATION OF THE PRESI-DENT.

WASHINGTON, April 14 .- President tre for the purpose of witnessing the performance of the American Cousin. It was announced in the papers that Gen. Grant would also be present, but that gentleman instead took the late train of cars for New Jersey. The theatre was densely crowded and everybody seemed delighted with the scene before them. During the third act. and while there was a temporary pause for one of the actors to enter, a sharp re port of a pistel was heard, which merely attracted attention. But suggesting noth ing serious until a man rushed to the front of the President's box, waving long dagger in his right hand, and ex claiming "Sic Senger Tyrannis," and im mediately leaped from the box, which was of the second tier, to the stage beneath and ran across to the opposite side, thus making his escape, amid the bewilderment of the audience from the rear of the thea

The screams of Mrs Lincoln first dis closed the fact to the audience that the President had been shot, when all present rose to their feet, rushing towards the stage, many exclaiming "Hang him!"-"Hang him" The excitement was of the wildest possible description, and of course there was an abrupt termination of the vigilant for the same purpose. theatrical performance.
