ONE SQUARE CONTAINS BLE LINES OF SPACE.

THE VALUE OF A SERSE OF SECT- to both, we look to see a degree of pros-RITY AS A BASIS FOR PUBLIC. PROSPERITT.

The value of all earthly possessions,fleeting at the best,-of the means to con- trading operations,-begin to reach out stitute comfort, the value of farms and merchandise, of home, consists so largely promising future. And therefore it is, in a sense of absolute security, that it is no we say, that Baltimore and the State at wonder, looking backward upon the past large as well, have a prospect before four years of war, of invasion and blood- them rever more promising than now .shed, that business within possible reach Let all join and have faith to profit by it. of these events in the border States, has been measurably paralyzed. When these troubles commenced, what State or section | advertisement in this issue, addressed to alive to what constituted improvement more, will attract general attention, and and progress? The pioneer community should be read by every citizen of Balti in many great enterprises that marked more when the right of way presents so advance, the wonder of the nation for our much matter for discussion. The quesenergy and determination in carrying out | tion is one that comes home to almost at an early period one of the greatest en- every household and business establishdespites the drawbacks and evil influences | comprehended by all interested in either | of slavery, we had attained success er. this or the new company. couraging to all, and an earnest,-had peace continued—of greater prosperity and success in the tuture. All this was MOLLIDAY STREET TERATER-Load, the Forbrought to a stand still, measurably, by the advent of the war. Doomed to be the FRONT ST. THRATES-Uncle Tom's Cabin. very first to suffer; the first blood in the mighty conflict having been shed in the streets of this commercial metropolis, from that time to the present, we have been maje to feel the effects of a dreed uncertainty, as great and terrible armies have advanced threateningly, to effect that last horrible visitation on any peaceful com-

munity-a "military deliverance" undladies Hatt Dressers. Well, in view of all this, what wonder is it that the great world of enterprise elsewhere has looked upon our our condition with distrust? What wonder By, of Fliecti's Mi'le, to Miss Lizzie Stuart. those who amongst us love quiet, th timid, the peaceful, those who have accumulated capital in more tranquil times, this city. could feel little or no disposition to launch into new enterprises, looking to their own gain as well as to the advancement of the city or State? Uncertain what might be or herage, a native of the county Tipperary, the result of some coming battle which was likely to imperil all they had, how tiana Lamaitre, in the 65th year of her age, wife of the late keens Benjamin Lamaltre could people erect new buildings, with the fact possibly soon to be demonstrated. that the very roofs ever their heads might soon be crambling in ashes amidst the terrors of a general conflagration? And so it was that men constructed "barricades instead of houses; they looked to protect- her age ing the homes they had, instead of using wife of John R. English, in the Mith year of their endangered capital to construct

homes for others. And even this was not all. In better times, the means of our people had been ! invested in public improvements, as we have said; -- in magnificent lines of railroad, putting us in communication with the great commercial marts of the land .seen them the best picture of the All along, for hundreds of miles, costly bridges and other fixtures had been con in existence. structed to make everything for the trav eling or trading public as secure as possible. Yet again and again, were these great lines of communication set upon by hands of reckless maranders; the improvements destroyed; the passengers,-visit. ors from other communities-robbed and put in peril of their lives. Risking so much in their approaches hither, what marvel was it that transportation on our greatest line came at times to be confined almost entirely to military stores and munitions of war, needed in the mighty Bass. & Co's. And bolt enseted and ordnined Iba: the said Gas Light Company of Halti mere shall furnish, and lay before the clounand statement showing the number offeetof I gas maint laid by and under the provisions of this ordinance, the streets, lanes and alleys in which the same are laid, and the I Bumber of private consumers connected S.ction 4. And be it enacted and ordained,

That should the said clas Light Company of Baltinore refuse or neglect to file said ceragent of Dr. Drake, we desire to state that | nethis g centained in this ordinance shall be so Enrope, and has not been in Italy at all. No actual cost of all mains which may have been

and we not appreciate the joke. It is unbeces | Der at provided in the first section of this will. THOMAS SWANN, MAJOL. By this ordinance the Mayer and City Council obteined the power to direct where, and to what lektent, gas mains should be laid and at a cost of not exceeding ten thousand dollars in each year, this Company became bound to tay them. Under this ordinance this Company has at the direction of the city, haid gas mains from year to Year in the new streets, to the extent of 130,265 feet; at a cost of \$31,468 gl. The city is now about to call on this Comparty. In compliance with the ordinance, to lay mains for the current year to the amount. of at least ten thousand dollars in cust At this time the existence of certain facts.

renders it necessary to lay before the city. before they proceed to direct the laying of forther mains, what this Company doesn's to be its duties and rights under that ordinance. In the year 1560 the General Attemtly passed An Act to Interro ate the People's (las-Company. Under that charter books were opened for subscription, and closed with the statement, as was Emblichy understood, that the stock had been taken. An organization on the basis of that sub Ve y recent y an advertisement has appeared It creates a natural appetite, invigorates and in the name of the People's Gas Company, by Headache, Sour Stemach and like com- and new subscription teen opened, although the time for a new subscription under the charter would seem, by the terms of the act, to have expired, and new putties are abnounced as the At the time of the passege of the endinance ! if ISE the city, by its charter, had fall power to logislate in regard to the lighting of the streets; sad all contracts made by the city were binding no less on the General Assembly, whose compr tent agent the city was than on the city itself, The Charter of the People's Gas Company could have no legal effect to impair the rights of this Company under the ordinance of the city:

and the right of the People's Gas Company to tay pipes for the supply of gas can only be exer. cised upon the fulfilment of the contract of that ordinance for the repayment of the amounterpended by the Gas Light Company of Baltimore in laying mains, up to the time at which the naw company begins to lay pipes for the purpose of It may well be questioned under the 9tf | section of the Act incorporating the People's |

literms of the ordinance, the city having "au. | ings." therized" the use of the streets, would be | Whereas, a wilt of seire facies has been is- orieiture and condemnation. But if the city does not muthorize the People's | recevering the sum of thirteen hundred do!- have the same is my custody.
