NEWING MACHINES.

THE FLORENCE AMERICAN
INVENTOR'S GREAT TRIUMPH
THE NEWING MACHINES,
All of which other Machines are
overcome in the Florence. It makes how
different the newing is from the old, with
the newing as others make one.
Besides, it has the reversible feed motion,
which makes the newing more rapid, and
no spring or wheel, or case, to get
out of order.

The family of Family Sewing, from
the heaviest work to the most delicate
fabrics, using all kinds of feed motions,
and all kinds of cases, to get out of order.
The other
MACHINES do so large a range of work as
the Florence. No other MACHINE
is the only perfect Family Sewing Machine
warranted to give entire satisfaction
on every account, and no one who
owns the Florence would sell it unless
it could not be replaced, whatever you
pay for it.

Samples of sewing with price, free.

Shop. D. W. CLARK, General Agent.

SEWING MACHINES.

On all sides we hear the merits of the
GROVER & BAKER'S

CELEBRATED SEWING MACHINE.

The ladies declare it the "very best,"
and the men declare it the "best,"
that we are bound to concur in our conviction of
the truth of this declaration.

What other machine
can be compared with it?

It is perfectly
secure, has so faithfully, quit as evenly,
such as accurately, gathers as regularly, operates
so easily, sews, what is more, ingeniously.

Call and examine the Machines and Work.
